Up to now the teaching on baptism in the Holy Spirit has been based on a few scriptural texts, whose interpretation was disputed. This doubt cast its shadow on those who promote baptism in the Holy Spirit. Now new evidence has been found in early post-biblical authors (Tertullian, Hilary of Poitiers, Cyril of Jerusalem, John Chrysostom, Philoxenus, and the Syrians) which demonstrates that what is called baptism in the Holy Spirit was integral to Christian initiation (baptism, confirmation, Eucharist). Because it was part of initiation into the Church, it was not a matter of private piety, but of public worship. Therefore it was and remains normative. This is an intriguing ground-breaking study of value to RCIA teams, pastors, theology teachers and students, and Church offices.

The Way of Faith

After revealing the genesis of the Roman tradition of initiation, Kavanagh moves on to the tensions between traditional practice and the need for change. He stresses the Church's ongoing need to focus its efforts on its main concern - the initiation of new members.

An Introduction to the RCIA

Originally published in 1999, *The Rites of Christian Initiation* was hailed for its clarity and comprehensiveness. Kallian McDonnell, OSB, called it the best overall treatment of Christian initiation available, and Paul Bradshaw predicted it would be the standard textbook on the subject for very many years to come." translations of early texts on baptism as well as recent scholarship on the early traditions in the East and West. It is sure to replace itself as the new standard reference on the rites of Christian initiation. Maxwell E. Johnson's expanded and revised text provides a more complete view of the history and interpretation of the rites in the Eastern Church, including two chapters that explore the pre-Nicene Eastern and Western traditions in detail. Revisiting the theology of baptism, this edition also provides more nuanced positions on the Eastern and Western traditions. Finally, recent liturgical developments in American Protestant churches, particularly Lutheran, as well as the ongoing development of the RCIA and confirmation practices of Catholics, made it necessary to revisit the place and meaning of these rites in the church today. Maxwell E. Johnson, PhD, is professor of liturgy at the University of Notre Dame and an ordained minister of the Evangelical Lutheran Church in America. He has published in *Worship* and is the editor of and contributor to *Living Water, Sealing Spirit: Readings on Christian Initiation* (Liturgical Press, 1995) and the revised and expanded edition of E.C. Whitaker, *Documents of the Baptismal Liturgy* (Liturgical Press and S.P.C.K., 2003), to which this study serves as a companion volume. "

The first section of the ritual, marking the steps of the spiritual journey into the full communion of the Catholic Church, offers the procedures and periods that make up the full rite. The second section provides the necessary ritual for celebrating the rite in other forms. Three appendices supply additional combined rites and one optional parish celebration; acclamations, hymns, and songs; and national statutes for catechumens. The convenience of the minister has been the guiding principle in choosing the format and designing the presentation of the rites. Each rite is preceded by a short outline, providing a concise overview of the form. The options and alternatives, distinctly indicated, are given within the rite to eliminate confusion. Christian Initiation

In the wake of recent papal legislation, the various liturgies of the Roman Rite may today be celebrated in either their post-Tridentine or post-Vatican II forms. Whilst much discussion of this new situation focuses on purely liturgical issues, this book breaks new ground by arguing that the coexistence of the two forms raises questions of a profoundly ecclesiological character. Peter McGrail explores the relationship between ritual

form, ecclesial self- understanding and constructs of the world that are at play as adults become members of the Church. Analysing the rites by which adults were taken into the Church for three and a half centuries, this book goes on to explore attempts to find a new ritual expression for the journey to Christian Initiation, set against the divergent and even conflicting ecclesiologies which were at play before and during the Council.

The RCIA

Christian initiation is a gradual process "suited to the spiritual journey of adults that varies according to the many forms of God's grace, the free cooperation of the individuals, the action of the Church and the circumstances of time and place". How does that fit into a program modeled after the school year? It doesn't, argues Mary Birmingham. The Rite of Christian initiation of adults describes an initiation process that exists at the heart of the church's life and on the same schedule as the church: every day, all year long. This book will help you imagine, envision, understand and implement a year-round catechumenate in your parish. --Book cover.

intimately intertwined. Paul Haffner outlines how the sacraments are the chief means in the Church through which God's people are reconciled to the Father, through His Son, by the power of the Holy Spirit. The book illustrates classical issues like the conditions for the validity and the efficacy of the sacraments, as well as the minister, recipient and effects of these sacred mysteries; it deals with particular topics like the necessity of Baptism, the sacrificial character of the Eucharist, and the nature of marriage. As he examines each sacrament in turn, the author also explores how new ecumenical questions affect Christian sacramental understanding. 'I warmly commend this work on the subject of sacramental theology' Archbishop Csaba Ternyak Secretary of the Vatican Congregation of the Clergy Paul Haffner is lecturer in systematic and dogmatic theology at the Pontifical Gregorian University, the Pontifical Lateran University, the Pontifical Athenaeum 'Regina Apostolorum' and the Pontifical Institute 'Regina Mundi' in Rome.
