GET ONBOARD AND GET INSPIRED! Unafraid to 'rock the boat,' this sailor-turned-author drops her truth bombs—like an anchor. Here's your chance to live vicariously through one woman's journey of finding her voice, taking control of her health, and discovering her passions, strength and capacity for love and forgiveness. Join Carole as she moves onto a boat, adapts to a new lifestyle, learns hard 'beginner' lessons, sails the breathtaking ocean, survives gale storms, and navigates life for 20 years in a meager 41 feet of living space with an unconventional husband and, of course, a dog. S.A.I.L. Above the Clouds weaves big emotions, humorous impasses, and motivating results through topics such as overcoming major health concerns and chronic disease, tackling mental health, surviving the doldrums of a 30-year marriage, discovering life's purpose, and learning when you're the crab's dinner, or receiving a naked spank from Mother Nature. How to SIMPLIFY Your Life is the first of a four-book series where each book represents a unique aspect from the author's signature program S.A.I.L: Simplify, Align, Integrate, Let Go. Readers will benefit from tips and insights on how to simplify all aspects of their life while exploring different healing modalities, writing prompts, and exercises following each chapter. It is packed with stories that will make readers laugh, cry, or cringe—all weaved into an interactive set of tools that invites you to dive deep into a journey of self-discovery and come out of it energized, enlightened, and inspired! Raise your sails and set course on an exciting and purpose-driven adventure!
