In October 1928 Virginia Woolf was asked to deliver speeches at Newnham and Girton Colleges on the subject of 'Women and Fiction'; she spoke about her conviction that 'a woman must have money and a room of her own if she is to write fiction'. The following year, the two speeches were published as *A Room of One's Own*, and became one of the foremost feminist texts. Knitted into a polished argument are several threads of great importance – women and learning, writing and poverty – which helped to establish much of feminist thought on the importance of education and money for women's independence. In the same breath, Woolf brushes aside critics and sends out a call for solidarity and independence – a call which sent ripples well into the next century. 'Brilliant interweaving of personal experience, imaginative musing and political clarity' — Kate Mosse, *The Guardian* 'Probably the most influential piece of non-fictional writing by a woman in this century.' — Hermione Lee, *The Financial Times*

Alice's Adventures in Wonderland (1865) is a novel written by English author Charles Lutwidge Dodgson, better known under the pseudonym Lewis Carroll. It tells the story of a girl named Alice who falls down a rabbit-hole into a fantasy world populated by peculiar and anthropomorphic creatures. The tale is filled with allusions to Dodgson's friends (and enemies), and to the lessons that British schoolchildren were expected to memorize. The tale plays with logic in ways that have made the story of lasting popularity with adults as well as children. It is considered to be one of the most characteristic examples of the genre of literary nonsense, and its narrative course and structure has been enormously influential, mainly in the fantasy genre.

From Kate Walbert, the highly acclaimed, National Book Award nominee, comes a dazzling, career-spanning collection of new and selected stories. In these twelve deft, acutely funny and often heartbreaking stories, Kate Walbert delves into the hearts and minds of women. Her characters are searchers, uneasy in one way or another. They yearn for connection. They question the definitions assigned to them as wives, mothers, and daughters; they seek their own way within isolated, and often isolating, circumstances, reveling in small, everyday epiphanies and moments of clarity. In the riveting opening story "M&M World," a woman is plunged into panic when she briefly loses one of her daughters at the vast and over-stimulating Times Square store. In "Slow the Heart," a single mother tries to ease tension at the dinner table with Roses and Thorns, the game she knows the Obamas played in the White House. In "Radical Feminists," a woman skating with her two children encounters the man who derailed her career years earlier. And in the poignant, "A Mother Is

Someone Who Tells Jokes,” a mother reflects on the nursery school project that preceded her son’s autism diagnosis. This is a deeply moving, resonant collection from a writer “rightly celebrated for her ability to capture the variety and vulnerability of women’s lives with a combination of lyricism and brawn” (NPR).

She Believed She Could So She Did

Journalist Walls grew up with parents whose ideals and stubborn nonconformity were their curse and their salvation. Rex and Rose Mary and their four children lived like nomads, moving among Southwest desert towns, camping in the mountains. Rex was a charismatic, brilliant man who, when sober, captured his children's imagination, teaching them how to embrace life fearlessly. Rose Mary painted and wrote and couldn't stand the responsibility of providing for her family. When the money ran out, the Walls retreated to the dismal West Virginia mining town Rex had tried to escape. As the dysfunction

escalated, the children had to fend for themselves, supporting one another as they found the resources and will to leave home. Yet Walls describes her parents with deep affection in this tale of unconditional love in a family that, despite its profound flaws, gave her the fiery determination to carve out a successful life. -- From publisher description.

She Believed She Could So She Did

"Leaving New York for the heat, humidity and anonymity of Bangkok, Sarah arrives in Thailand with the sole desire to lose herself, a stranger in a strange land. Yet she also leaves behind a complicated past, and a deception she holds close to her chest. Taking up a lease at a high-end apartment complex called The Kingdom, she finds herself drawn into the close-knit social circle of three very different, but equally mysterious, ex-pat women: Ximena, the Chilean chef, creator of fine and delicious culinary creations; Nat, the British hotelier with the curious husband and even more curious maid; and the alluring Mali, who takes Sarah into her glittering world with all its shadow-play. As attempted coups wrack the city and political chaos erupts on the streets below, so do tensions within the gilded world of the compound. When a tenant in the building goes missing, and the disorder of the outside world begins to invade The Kingdom, the residents are thrown into unprecedented terror and suspicion. The question Sarah must now ask herself is: Who can she trust? The Kingdom is a brilliantly unsettling story of civil and psychological unrest, fate and karma, in the furthest reaches of the world and in the human psyche"--

When her fiancé disappears, Cally fears he's left her high and dry. Turns out she's right, but for the wrong reasons: he's been kidnapped. Is he an accessory to a crime? It started with a mysterious phone call that pulls Evan away from a little one-on-one time with Cally.
