Steck-Vaughn Reasoning Through Language Arts

Canadian men and women preparing to take the GED High School Equivalency Exam will find specially focused help in this heavily revised and updated manual, written exclusively for them. Like the U.S. edition, it contains a full-length diagnostic test, and two full-length practice exams with questions answered and explained. However, the comprehensive subject review sections reflect Canadian-specific information and topics, and the practice tests reflect

recent actual GED exams given in Canada. For instance, this book's math review section uses the metric system for weights and measures; the social studies review section deals with geography, history, and social issues and data from a Canadian perspective; and the book's spelling and grammar conventions follow British-English style. Questions on the diagnostic test are presented with answer keys, answer analyses, and self-appraisal charts.

GED Test Prep

Provides test-taking tips and strategies, reviews topics on the test, and includes two full-length practice exams with answers and explanations.

Steck-Vaughn Test Preparation for the GED® Test: Science Student Workbook, Second Edition

Specifically focused to prepare Canadian test takers for the GED high school equivalency exams, this new edition covers Canadian literature and Canadian social studies topics, balanced by a global perspective. It reflects the unique features found exclusively on the Canadian GED and uses metric units for relevant math subject review and questions. It also presents a full-length diagnostic test and each section contains a full-length practice test with answer keys, answer analyses, and self-appraisal charts.
