Homeschool Lesson Planner 2020-2021 Multiple Kids

The truth is life is full of trials that threaten to consume us. The little things. The big things. The kid things. The relationship things. Little by little we are consuming ourselves with these "things" and we don't even know it. In fact, we are too busy trying to make it look better (ya know- on social media) and pretending that our lives look like everyone else's to even notice the truth about it all. But our negligence doesn't change the facts. We are consumed. Burned out. Stressed out.

Unhealthy. And most of all unhappy. Day after day we get back on the hamster wheel chasing some "perfect life" that we are certain has to be out there. We keep pushing forward, doing more and more, and feeling disappointed that we can't seem to get there. But all of that is about to change. If you are willing to let it, that is. You see, there is a secret to not letting life consume you. There is a way to do it all and have it all. The trouble is, we are just a little confused about the definition of "all." We need to do a little re-defining and a little truth-claiming if we are going to fix this. So what do you say? Are you ready to become #NOTCONSUMED?

Business plans are one of the last remaining spaces in publishing where intimidating lingo, dry writing, and overly long verbiage are still the norm. You know what these books look like - big and manual-like, there's usually a middle-aged man standing with his arms crossed (or pointing!) on the cover, making promises in all caps about the money you'll make. The Conquer Kit is an interactive journal experience that brings business planning into the realm of play. Readers are invited to sketch, scribble, glue, dream, and write on the pages . . . all while developing an airtight business plan with proven money-making methods and strategies. Author and entrepreneur Natalie MacNeil encourages readers to build a strong foundation with the four pillars of every successful business (the right name, the right business setup and entity, a sound legal structure, and a basic financial system), create heart-centric products and marketing plans, put together their A team, envision the bigger picture, and bring their dream business to life.
