surroundings can create extraordinary happiness in your life. Have you ever wondered why we stop to watch the orange glow that arrives before sunset, or why we flock to see cherry blossoms bloom in spring? Is there a reason that people -- regardless of gender, age, culture, or ethnicity -- are mesmerized by baby animals, and can't help but smile when they see a burst of confetti or a cluster of colorful balloons. We are often made to feel that the physical world has little or no impact on our inner joy. Increasingly, experts urge us to find balance and calm by looking inward -- through mindfulness or meditation -- and muting the outside world. But what if the natural vibrancy of our surroundings is actually our most renewable and easily accessible source of joy? In *Joyful*, designer Ingrid Fetell Lee explores how the seemingly mundane spaces and objects we interact with every day have surprising and powerful effects on our mood. Drawing on insights from neuroscience and psychology, she explains why one setting makes us feel anxious or competitive, while another fosters acceptance and delight -- and, most importantly, she reveals how we can harness the power of our surroundings to live fuller, healthier, and truly joyful lives.

Hailed as one of the year's top five novels by Time, and selected as one of the best books of the year by nearly all major newspapers, national bestseller Peace Like a River captured the hearts of a nation in need of comfort. "A rich mixture of adventure, tragedy, and healing," Peace Like a River is "a collage of legends from sources sacred and profane -- from the Old Testament to the Old West, from the Gospels to police dramas" (Ron Charles, The Christian Science Monitor). In "lyrical, openhearted prose" (Michael Glitz, The New York Post), Enger tells the story of eleven-year-old Reuben Land, an asthmatic

boy who has reason to believe in miracles. Along with his sister and father, Reuben finds himself on a cross-country search for his outlaw older brother who has been controversially charged with murder. Their journey is touched by serendipity and the kindness of strangers, and its remarkable conclusion shows how family, love, and faith can stand up to the most terrifying of enemies, the most tragic of fates. Leif Enger's "miraculous" (Valerie Ryan, *The Seattle Times*) novel is a "perfect book for an anxious time of great literary merit that nonetheless restores readers' faith in the kindness of stories" (Marta Salij, *Detroit Free Press*).

Beauty in the Browns

“ Ross Gay ’ s eye lands upon wonder at every turn, bolstering my belief in the countless small miracles that surround us. ” —Tracy K. Smith, Pulitzer Prize winner and U.S. Poet Laureate The winner of the NBCC Award for Poetry offers up a spirited collection of short lyric essays, written daily over a tumultuous year, reminding us of the purpose and pleasure of praising, extolling, and celebrating ordinary wonders. Ross Gay ’ s *The Book of Delights* is a genre-defying book of essays—some as short as a paragraph; some as long as five pages—that record the small joys that occurred in one year, from birthday to birthday, and that we often overlook in our busy lives. His is a meditation on delight that takes a clear-eyed view of the complexities, even the terrors, in his life, including living in America as a black man; the ecological and psychic violence of our consumer culture; the loss of those he loves. Among Gay ’ s funny, poetic, philosophical delights: the way Botan Rice Candy wrappers melt in your mouth, the volunteer crossing guard with a pronounced tremor whom he imagines as a kind of boat-woman escorting pedestrians across the River Styx, a friend ’ s unabashed use of air quotes, pickup

basketball games, the silent nod of acknowledgment between black people. And more than any other subject, Gay celebrates the beauty of the natural world—his garden, the flowers in the sidewalk, the birds, the bees, the mushrooms, the trees. This is not a book of how-to or inspiration, though it could be read that way. Fans of Roxane Gay, Maggie Nelson, and Kiese Laymon will revel in Gay ' s voice, and his insights. The Book of Delights is about our connection to the world, to each other, and the rewards that come from a life closely observed. Gay ' s pieces serve as a powerful and necessary reminder that we can, and should, stake out a space in our lives for delight.

Choosing Gratitude

The bestselling author of *The Willpower Instinct* introduces a surprising science-based book that doesn't tell us why we should exercise but instead shows us how to fall in love with movement. Exercise is health-enhancing and life-extending, yet many of us feel it's a chore. But, as Kelly McGonigal reveals, it doesn't have to be. Movement can and should be a source of joy. Through her trademark blend of science and storytelling, McGonigal draws on insights from neuroscience, psychology, anthropology, and evolutionary biology, as well as memoirs, ethnographies, and philosophers. She shows how movement is intertwined with some of the most basic human joys, including self-expression, social connection, and mastery--and why it is a powerful antidote to the modern epidemics of depression, anxiety, and loneliness. McGonigal tells the stories of people who have found fulfillment and belonging through running, walking, dancing, swimming, weightlifting, and more, with examples that span the globe, from Tanzania, where one of the last hunter-gatherer tribes on the planet live, to a dance class at Juilliard for

people with Parkinson's disease, to the streets of London, where volunteers combine fitness and community service, to races in the remote wilderness, where athletes push the limits of what a human can endure. Along the way, McGonigal paints a portrait of human nature that highlights our capacity for hope, cooperation, and self-transcendence. The result is a revolutionary narrative that goes beyond familiar arguments in favor of exercise, to illustrate why movement is integral to both our happiness and our humanity. Readers will learn what they can do in their own lives and communities to harness the power of movement to create happiness, meaning, and connection.

We know there are certain things we must have to survive--food, shelter, and safety to name a few. But there are also aspects of life that truly allow us to be joyful and fulfilled. For popular podcaster and bestselling author Annie F. Downs, fun is close to the top of that list. Few would argue that having fun doesn't enrich our lives, but so much gets in the way of prioritizing it. Tough days, busyness, and feelings that are hard to talk about keep us from the fun that's out there waiting to be found. With *That Sounds Fun*, Annie offers an irresistible invitation to understand the meaning of fun, to embrace it and chase it, and to figure out what, exactly, sounds fun to you--then do it! Exploring some research and sharing some thoughts behind why fun matters, she shows you how to find, experience, and multiply your fun. Looking for Lovely

The author of the international bestseller *How to Be a Woman* returns with another “ hilarious neo-feminist manifesto ” (NPR) in which she reflects on parenting, middle-age, marriage, existential crises—and, of course, feminism. A decade ago, Caitlin Moran burst onto the scene with her instant bestseller, *How to Be a Woman*, a hilarious and resonant take on feminism, the patriarchy, and all things womanhood. Moran ’ s seminal book followed her from her terrible 13th birthday through adolescence, the workplace, strip-clubs, love, and beyond—and is considered the inaugural work of the irreverent confessional feminist memoir genre that continues to occupy a major place in the cultural landscape. Since that publication, it ’ s been a glorious ten years for young women: Barack Obama loves Fleabag, and Dior make “ FEMINIST ” t-shirts. However, middle-aged women still have some nagging, unanswered questions: Can feminists have Botox? Why isn ’ t there such a thing as “ Mum Bod ” ? Why do hangovers suddenly hurt so much? Is the camel-toe the new erogenous zone? Why do all your clothes suddenly hate you? Has feminism gone too far? Will your To Do List ever end? And WHO ’ S LOOKING AFTER THE CHILDREN? As timely as it is hysterically funny, this memoir /manifesto will have readers laughing out loud, blinking back tears, and redefining their views on feminism and the patriarchy. *More Than a Woman* is a brutally honest, scathingly funny, and absolutely necessary take on the life of the modern woman—and one that only Caitlin Moran can provide.

Downs shares personal stories, biblical truth, and examples of how others have courageously walked the path God paved for their lives by remembering all God had done, loving what was right in front of them, and seeing God in the everyday—whether that be nature, friends, or the face they see in the mirror. Intensely personal, yet incredibly powerful, *Looking for Lovely* will spark transformative conversations and life changing patterns. The Unexpected Joy of Being Sober

“ Joy for Beginners takes us on the emotional journeys of seven women seeking to transform their lives, and proves that sometimes what we really need to inspire us to change is a good, firm shove. ” —Garth Stein, author of *The Art of Racing in the Rain* Having survived a life-threatening illness, Kate celebrates by gathering with six close friends. At an intimate outdoor dinner on a warm September evening, the women challenge Kate to start her new lease on life by going white-water rafting down the Grand Canyon with her daughter. But Kate is reluctant to take the risk. That is, until her friend Marion proposes a pact: if Kate will face the rapids, each woman will do one thing in the next year that scares her. Kate agrees, with one provision—she didn't get to choose her challenge, so she gets to choose theirs. Whether it's learning to let go of the past or getting a tattoo, each woman 's story interweaves with the others, forming a seamless portrait of the power of female friendships.

Growing Strong in the Seasons of Life

Gratitude is a choice. If we fail to chose it, by default we choose ingratitude. And once allowed into the heart, ingratitude does not come by itself but with a lot of other seedy companions that only succeed in stealing joy. To not choose gratitude - daily and deliberately - is more costly than we usually realize. And when we do choose a lifestyle of heartfelt, humble gratitude, we are mindful of the benefits received from our gracious Savior and those He has placed around us. By intentionally thanking God and others, bitterness and entitlement are replaced with joy and the humble realization of just how undeserving we really are. Derived from a popular Revive Our Hearts radio series, Choosing Gratitude: Your Journey to Joy challenges and equips the reader to live a life of intention. A life based on thankfulness - for the freedom Christ has provided and for the blessings of others. As a bonus, a 30-day plan of journaling, prayer and activities to help the reader on her path to joy is included.

“ The Joy Luck Club is one of my favorite books. From the moment I first started reading it, I knew it was going to be incredible. For me, it was one of those once-in-a-lifetime reading experiences that you cherish forever. It inspired me as a writer and still remains hugely inspirational. ” —Kevin Kwan, author of Crazy Rich Asians Amy Tan ’ s beloved, New York Times bestselling tale of mothers and daughters Four mothers, four daughters, four families whose histories shift with the four winds depending on who's "saying" the stories. In 1949 four Chinese women, recent immigrants to San Francisco, begin meeting to eat dim sum, play mahjong, and talk. United in shared unspeakable loss and hope, they call themselves the Joy Luck Club. Rather than sink into tragedy, they choose to gather to raise their spirits and money. "To despair was to wish back for something already lost. Or to prolong what was already unbearable." Forty years later the stories and history continue. With wit and sensitivity, Amy Tan examines the sometimes painful, often tender, and always deep connection between mothers and daughters. As each woman reveals her secrets, trying to unravel the truth about her life, the strings become more tangled, more entwined. Mothers boast or despair over daughters, and daughters roll their eyes even as they feel the inextricable tightening of their matriarchal ties. Tan is an astute storyteller, enticing readers to immerse themselves into these lives of complexity and mystery.

Margareta suggests which possessions you can easily get rid of (unworn clothes, unwanted presents, more plates than you 'd ever use) and which you might want to keep (photographs, love letters, a few of your children 's art projects). Digging into her late husband 's tool shed, and her own secret drawer of vices, Margareta introduces an element of fun to a potentially daunting task. She argues that changes in the last half century have radically altered the roles of today's mothers and fathers, making their mandates at once more complex and far less clear. Recruiting from a wide variety of sources—in history, sociology, economics, psychology, philosophy, and anthropology—she dissects both the timeless strains of parenting and the ones that are brand new, and then brings her research to life in the homes of ordinary parents around the country. The result is an unforgettable series of family portraits, starting with parents of young children and progressing to parents of teens. Through lively and accessible storytelling, Senior follows these mothers and fathers as they wrestle with some of parenthood's deepest vexations—and luxuriate in some of its finest rewards. Meticulously researched yet imbued with emotional intelligence, *All Joy and No Fun* makes us reconsider some of our culture's most basic beliefs about parenthood, all while illuminating the profound ways children deepen and add purpose to our lives. By focusing on parenthood, rather than parenting, the book is original and essential reading for mothers and fathers of today—and tomorrow.
