'no one else in our times has attempted to write a universal history' Polybius' ambitious goal was to describe how Rome conquered the Mediterranean world in less than fifty-three years. This great study of imperialism takes the reader back to Rome's first encounter with Carthage in 264 and forward to her destruction of that renowned city in 146. Polybius, himself a leading Greek politician of the time, emphasizes the importance of practical experience for the writing of political history as well as the critical assessment of all the evidence. He attributes Rome's success to the greatness of its constitution and the character of its people, but also allows Fortune a role in designing the shape of world events. This new translation by Robin Waterfield, the first for over thirty years, includes the first

five books in their entirety, and all of the fragmentary Books 6 and 12, containing Polybius' account of the Roman constitution and his outspoken views on how (and how not) to write history. Brian McGing's accompanying introduction and notes illuminate this remarkable political history. ABOUT THE SERIES: For over 100 years Oxford World's Classics has made available the widest range of literature from around the globe. Each affordable volume reflects Oxford's commitment to scholarship, providing the most accurate text plus a wealth of other valuable features, including expert introductions by leading authorities, helpful notes to clarify the text, up-to-date bibliographies for further study, and much more.

Ammianus Marcellinus was the last great Roman historian, and his writings rank alongside those of Livy and Tacitus. The Later Roman Empire chronicles a period of twenty-five years during Marcellinus' own lifetime, covering the reigns of Constantius, Julian, Jovian, Valentinian I, and Valens, and providing eyewitness accounts of significant military events including the Battle of Strasbourg and the Goth's Revolt. Portraying a time of rapid and dramatic change, Marcellinus describes an Empire exhausted by excessive taxation, corruption, the financial ruin of the middle classes and the progressive decline in the morale of the army. In this magisterial depiction of the closing decades of the Roman Empire, we can see the seeds of events that were to lead to the fall of the city, just twenty years after Marcellinus' death.

Before the caliphate of the 'Uthman b. 'Affan, the Muslim community had grown from strength to strength in spite of a series of major crises--the Hirah, the death of the Prophet, the Riddah wars, the assassination of 'Umar by a Persian slave. But 'Uthman's reign ended in catastrophe. His inability to manage the social and political conflicts that were now emerging among various factions within the community led to his death at the hands of Muslim rebels. The consequences of this tragic event were bitter: not only a century of civil war, but also political and religious schisms of such depth that they have not been entirely healed even now. Most medieval Muslim historians told this story in an overtly partisan manner, but al-Tabari demands more of his readers. First of all, they must decide for themselves, on the basis of highly ambiguous evidence, whether 'Uthman's death was tyrannicide or murder. But, more than that, they must ask how such a thing could have happened at all; what had the Muslims done to bring about the near-destruction of their community? Al-Tabari presents this challenge within a broad framework. For, even while the internal crisis that issued in 'Uthman's death was coming to a head, the wars against Byzantium and Persia continued. The first expeditions into North Africa, the conquest of Cyprus, the momentary

destruction of the Byzantine fleet at the Battle of the Masts, the bloody campaigns in Armenia, the Caucasus, and Khurasan are all here, in narratives that shift constantly between hard reporting and pious legend. Muslim forces retain the offensive, but there are no more easy victories; henceforth, suffering and endurance will be the hallmarks of the hero. Most evocative in the light of 'Uthman's fate is the moving account of the murder of the last Sasanian king, Yazdagird III--a man betrayed by his nobles and subjects, but most of all by his own character.

the unfolding liberal attack on our most basic values. For two long years, Donald Trump's presidency has been under siege by the Left and their Deep State fellow travelers who concocted an outrageous case of conspiracy with Russia to keep Trump from doing what he was elected to do: secure America's borders, revive its economy, drain the Washington, D.C. Swamp, and restore our constitutional republic. Now that Special Counsel Robert Mueller's investigation has vindicated the Trump campaign and administration, the Department of Justice is hot on the trail of Comey, Brennan, Clapper, and the rest of the gang of conspirators who tried to overturn the 2016 election. The Left has dropped all pretense of civility, fairness, or decency, revealing the real reason they were so desperate to destroy President Trump: He was the one man who stood in the way of their radical plan to remake America. Judge Pirro's last book, the #1 New York Times bestseller *Liars, Leakers, and Liberals*, exposed the plot to destroy both the Trump campaign and administration. Picking up where she left off, *Radicals, Resistance and Revenge* features Judge Jeanine's keen analysis of explosive new information revealed about the anti-Trump conspirators, their corrupt methods and possible crimes, and the Left's subversive plot against the foundation of American liberty. Overturning presidential elections, nationalizing private industries like healthcare and education, destroying America's borders, erasing

its national identity, and effectively silencing conservative voices in the cybersphere and public square are just a few examples of the lengths to which the far-left progressives and socialists will go to destroy the America we love and remake it into something unrecognizable: borderless, socialist, and free of any moral compass. Only Donald Trump and his army of patriots can stop this radical plan. Judge Jeanine is sounding the alarm and calling out those who despise our most cherished ideals and institutions to warn patriotic Americans before it's too late.
