Religious and Philosophical Aspects of the Laozi

The Tao Te Ching is a classic Chinese text written around the 6th century BC by Laozi, a Zhou-dynasty courtier. While its authorship is debated, the text remains a fundamental building block of Taoism and one of the most influential works of its time. Today it's one of the most-translated works in the world. The work itself is a series of 81 short poetic sections, each one written in a fluid, ambiguous style, leaving them open to wide interpretation. Subjects range from advice to those in power to advice to regular people and adages for daily living. Because of its ambiguous nature the Tao Te Ching is

famously difficult to translate, and many, if not all, translations are significantly influenced by the translator's state of mind. This translation is by James Legge, a famous Scottish sinologist and the first professor of Chinese at Oxford University. This book is part of the Standard Ebooks project, which produces free public domain ebooks.

The Sayings of Lao Tzu

The Laozi, Daodejing (also published as The Lao Tzu, Tao Te Ching) is a new translation and commentary for 2015 and beyond. Unlike many other translations, this book's commentary invites the reader into the interpretive process. It provides the reader with a look into the visuals that make up key Chinese characters in order to assist the reader in understanding its practical philosophy of Realism. The 2500 year old Chinese text is not about rights and wrongs, nor is it about trying to change the world so that it suits you. It is about how we regard value and how this sense of value may, in turn, inform ourselves. It is about how adapting ourselves to the world as it exists may make the world a better place in which all can live. It might best be regarded as self-help philosophy.

The History of Laozi, Zhuangzi and Taoist

The Tao Te Ching is universally renowned as a sublimely poetic spiritual teaching by the legendary sage, Lao Tzu. Its easily assimilated aphorisms provide a continuous source of spiritual nourishment, its insights on statesmanship are practical guides for our own time, and, in the West, the Taoist systems of the I Ching, Tai Chi, Qui Gong, and Feng Shui are becoming increasingly popular. Ralph Alan Dale's brilliant translation uniquely captures, as never before, the essential meaning of this profound text.

Dao De Jing

This book is a translation of "The Code of Laozi" ("Tao Code" translated literally), written by Kazuki Chiga and originally published in Japanese in 2009. He visited an unexplored region attached to a wise man in China, Laozi, had unexpected experiences, and learned the Tao of Laozi. In this book, he tries to convey the Tao beyond the words, with the words based on his experiences. A Japanese Jungian analyst, Kiyomi Hirose, was called for translating it into English. This book is filled with warmth, love, and mystery of the Tao.

Tao Te Ching

Daodejing (Tao Te Ching) by Chinese philosopher Laozi (Lao Tzu) is one of the most popular Chinese texts, with more than 100 translations available. Why another? Author Charles Q. Wu believes that his explorations of the infinite nature of the Daodejing can "bring the readers yet another step closer to what Laozi actually says and how he says it through still another translation." The strength of Wu's version comes from his superior bilingual talents and unique cross-cultural perspective, drawing widely from both

Chinese and Western sources. He provides his target audience of nonacademics and non-Chinese readers with line-by-line bilingual text and commentaries, and tries to retain the original beauty of the poetry and paradoxes of Laozi's writings. His ambition here is for English-speaking readers to experience what Laozi "sounds" like, as if they were reading the work in Chinese. Taking a fresh look at what is known as the Wang Bi edition of Laozi's immortal work, Wu makes use of new findings from recent archaeological discoveries, and invites readers to "participate in the translation and interpretation as an open-door, open-ended process." Rather than claiming finality in his translation Wu sees himself as a tour guide, leading readers toward unexpected aha! moments as they encounter a more thorough understanding the Daodejing.

The Way of Life

The Way of Lao Tzu

The Tao which can be expressed in words is not the eternal Tao; the name which can be uttered is not its eternal name. Without a name, it is the Beginning of Heaven and Earth; with a name, it is the Mother of all things. Only one who is eternally free from earthly passions can apprehend its spiritual essence; he who is ever clogged by passions can see no more than its outer form. These two things, the spiritual and the material, though we call them by different names, in their origin are one and the same. This sameness is a mystery, -the mystery of mysteries. It is the gate of all spirituality

shone on the vast land of China-"Land of God, ' so named by her ancient ancestors? This book vividly recaptures God's universal light shown to the Chinese sage Lao Tzu 600 years before Jesus was born. By comparing Lao Tzu's Tao Te Ching with the Bible, Yuan Zhiming offers a ground-breaking interpretation of Lao Tzu's Tao in light of the Word, or Logos. Yuan Zhiming juxtaposes Lao Tzu's "Holy One" with Jesus Christ, systematically and thoroughly unveiling the nature and characteristics of the mysterious Tao in a concrete and understandable manner, resolving a riddle of 2,600 years. "The text speaks to our time, because so many people believe that mere secular teaching of "morality," such as Confucius taught, is sufficient, and because what we really need is a deep spiritual awakening, such as Lao Tzu announced. The profound teaching in Lao Tzu and the Bible enriches the spirit of not only the Chinese people but also the people of the West." -Dr. Paul de Vries, president of New York Divinity School and author of The Taming of the Shrewd Lao Tzu and the Bible offers not only a spiritual feast to the analytical minds about Tao/Word/Logos, illustrating Tao in a tangible form, the Holy One/Jesus Christ, but also provides helpful advice about how to follow and be united with Tao. A work of great erudition and wisdom, it contains deep insight, opening up the secrets of the Tao while also illuminating the Bible. This book will surely delight the hearts and minds of seekers of Tao.

Thus Spoke Laozi

No one can understand China or be an intelligent citizen of the world without some knowledge of the Lao Tzu, also called the Tao-te ching (The Classic of the Way and Its Virtue), for it has modified Chinese life and thought throughout history and has become an integral part of world literature. Therefore any new light on it, however little, should prove to be helpful. There have been many translations of this little classic, some of them excellent. Most translators have treated it as an isolated document. Many have taken it as religious literature. A few have related it to ancient Chinese philosophy. But none has viewed it in the light of the entire history of Chinese thought. Furthermore, no translator has consulted extensively the many commentaries regarding the text, much less the thought. Finally, no translator has written a complete commentary from the perspective of the total history of Chinese philosophy. Besides, a comprehensive and critical account of the recent debates on Lao Tzu the man and Lao Tzu the book is long overdue. The present work is a humble attempt to fill these gaps. This 1963 work is organized as follows: I. The Philosophy of Tao 1. Historical Background and the Taoist Reaction 2. The Meaning of Tao 3. The Emphasis on Man and Virtue 4. Weakness and Simplicity 5. Unorthodox Techniques 6. Lao Tzu and Confucius Compared 7. Lao Tzu and Chuang Tzu Compared 8. Influences on Neo-Taoism, Buddhism, and Neo-Confucianism 9. The Taoist Religion 10. Taoism in Chinese Life II. Lao Tzu, the Man 1. Traditional Accounts 2. Lao Tzu's Birthplace and Names 3. Lao Tzu's Occupation 4. Confucius's visit to Lao Tzu 5. Lao Lai Tzu and Lao P'eng 6. The Grand Historian 7. Summary and Conclusion III. Lao Tzu, the Book 1. Reactions Against Tradition 2. Arguments About Contemporary References 3. Arguments About Style 4. Arguments About Terminology 5. Arguments About Ideas 7. Titles and Structure 8. Commentaries 9. Translations The Lao Tzu (Tao-te ching)

The Daodejing of Laozi

During the Spring-Autumn period (722-420 BCE) and the time of the Warring States (480-222 CE), China was in great turmoil. Intellectuals and social reformers sifted through their wisdom and knowledge of China's experiences up to then, attempting to find a solution to their situation. The Tao Te Ching, one of the foremost products of the era, is a metaphysical book, a source of the highest political thought. Many readers have found in it representations of the highest ideals of human endeavors. Yet given its likely oral origin and the technological limitations of its early textual transmission, the Tao Te Ching raises numerous questions related to authorship, date of origin, internal organization, textual coherence, and editorial history. Of the scores of translations of the Tao Te Ching, the great majority are based on the edition prepared by the third-century scholar Wang Pi. Wang's profound commentary is itself a deeply influential text in the development of Taoist thought. Paul Lin presents the commentary, otherwise unavailable in English, in the form of footnotes accompanying his meticulous rendition of the Taoist classic.

Chinese philosophy (Dàojiā), and strongly influenced other schools, such as Legalism and Neo-Confucianism. This ancient book is also central in Chinese Buddhism, which when first introduced into China was largely interpreted through the use of Taoist words and concepts. Many Chinese artists, including poets, painters, calligraphers, and even gardeners, have used the Tao Te Ching as a source of inspiration. Here are the six translations.

The Rhythm of Life

'The Tao that can be trodden is not the enduring and Unchanging Tao. The name that can be named is not the enduring and unchanging name.' So begins one of the most important spiritual books on the planet. The Tao Te Ching, the second most translated book in the world, was written by the father of Taoism, Lao Tzu. It contains a series of maxims, sayings, or truths, which are best absorbed slowly, over a period of time. Anyone with an interest in personal or spiritual growth should own a copy of this book. Its worth is immense.

Wen-tzu

The most famous and influential Taoist text, the Tao-te Ching is traditionally attributed to Lao Tzu, supposedly a contemporary of Confucius (551-471 B.C).

The Lao Tzu Code

The Laozi, Daodejing

This translation presents Daoism's basic text in highly readable contemporary English. Incorporating the latest scholarship in the field (including the most recent discoveries of ancient manuscripts in the 1970s and '90s), the book explains Daodejing's often cryptic verses in a clear and concise way. The introduction interprets the Daodejing's poetic imagery in the context of ancient Chinese symbolism, and a brief philosophical analysis accompanies each of the 81 translated chapters of the Daodejing.

The Way of Lao Tzu (Tao-tê Ching)

'Of ways you may speak, but not the Perennial Way; By names you may name, but not the Perennial Name.' The best-loved of all the classical books of China and the most universally popular, the Daodejing or Classic of the Way and Life-Force is a work that defies definition. It encapsulates the main tenets of Daoism, and upholds a way of being as well as a philosophy and a religion. The dominant image is of the Way, the mysterious path through the whole cosmos modelled on the great Silver River or Milky Way that traverses the heavens. A life-giving stream, the Way gives rise to all things and holds them in her motherly embrace. It enables the individual, and society as a whole, to harmonize the disparate

THE WAY OF LAO TZU

Lao-tzu's "Te-Tao Ching" has been treasured for thousands of years for its poetic statement of life's most profound and elusive truths. This new translation, based on the 1973 discovery of two copies of the manuscript more than five centuries older than any others known, corrects many defects of the later versions. In his extensive commentary, Professor Henricks reevaluates traditional interpretations. From the Trade Paperback edition.

Tao Te Ching

Lao-tzu, the legendary sage of ancient China, is traditionally considered to be the author of the Tao Te Ching, one of the most popular classics of world literature. Now Lao-tzu's further teachings on the Tao, or Way, are presented here in the first English translation of the Chinese text known as the Wen-tzu. Although previously ignored by Western scholars, the Wen-tzu has long been revered by the Chinese as one of the great classics of ancient Taoism. In it, Lao-tzu shows that the cultivation of simplicity and spontaneity is essential to both the enlightened individual and the wise leader. This timeless work will appeal to a broad audience of contemporary readers who have come to consider Lao-tzu's Tao Te Ching a classic on the art of living.

Peter Hubral explains in detail the modern Tai Chi-teaching of Dao-grandmaster Fangfu which goes back to the Yellow Emperor and Lao Tzu. He demonstrates its excellent match with the written Greek Pythagorean/Platonic philosophía. He shows, how both teachings contribute to deepen the understanding of modern cognitive and health sciences as well as physical and psychic therapies. He provides with this inedited treatise on ancient Chinese wisdom a solid foundation for The Socrates Code, in which he completely revises the careless and ahistorical misreading of ancient Greek texts. He uses The Lao Tzu Code also to justify The Plato Code, in which he documents the strong impact that this misreading ironically had on the modern western culture. The front cover of The Lao Tzu Code shows Lao Tzu performing a Qi-transmission in

a similar way as Fangfu. Also the Greek masters of the philosophía used it, because without it there would neither exist modern Tai Chi-teaching nor ancient Greek philosophía.

The Sayings of Lao Tzu - Scholar's Choice Edition

A Daoist classic that has had a profound influence on Chinese thought, the Laozi or Daodejing, evolved into its present form sometime around the third century BCE and continues to enjoy great popularity throughout East Asia and beyond. Philip J Ivanhoe's lucid and philosophically-minded interpretation and commentary offer fresh insights into this classic work. In the substantial introduction and numerous notes, Ivanhoe draws attention to the issues at play in the text, often relating them to contemporary philosophical discussions and directing the reader to related passages within the Daodejing and to other works of the period. The Language Appendix, unique to this edition, offers eight translations of the opening passage by well-known and influential scholars and explains, line-by-line, how each might have reached his particular interpretation.
