The Superior Way

A good general cruising guide covering the routes from Europe to Australia and points in between. The 'Indian Ocean Cruising Guide' covers all the usual points of interest for cruising yachtsmen, from history to climate, weather patterns, formalities, route planning and so on. The general sections are followed by a country-by-country round-up in which key ports are described in detail with the aid of harbour plans and photographs. This second edition (2007) has been thoroughly revised and contains a lot of additional information on Malaysia and Thailand, the Seychelles and the Chagos archipelago. The introduction has been expanded and throughout there are new plans and photographs. This guide is an ideal companion to Rod Heikell and Andy O'Grady's 'Ocean Passages and Landfalls' which discusses routes across the Indian Ocean.

Exploring the Pacific Coast

Fair winds and fine cruising is author Chris Doyle's wish for readers of this popular, newly updated guide to the 10 island nations of this enchanting Caribbean chain. Doyle's background in research makes this volume rich in practical details; yet its tone is conversational. His is also an intimate knowledge, gathered from more than 20

years of live-aboard Caribbean cruising on his Carib 41 Helos, a former charterboat. The Leewards are a cultural and topographic mix, and Doyle addresses them by geographical grouping. The Renaissance Islands (St. Martin, St. Barts and Anguilla), an economically strong bareboating enclave, offer short cruising passages and a wide choice of anchorages. The Islands That Brush the Clouds - a volcanic chain strung between Saba and Montserrat - present cruisers with a variety of channels and terrain. Most broadly strewn are the Islands of Mountains and Mangroves, a patchwork chiefly of rugged rainforest and exotic fauna, guarded in spots by spectacular reefs. The southern Leewards in particular have cried for reliable charting. Doyle provides aid throughout, using GPS coordinates, a trove of charts and color maps. All are cross-referenced with the newly released Caribbean Yachting Charts, exactly detailed and available through Cruising Guide Publications. Spectacular photographs add a visual feast. Onshore accommodations, transportation, communications, entertainment and provisioning are also addressed throughout the guide, and in an exhaustive directory by island and service type.

Machaut's Messe de Notre Dame stands as an enduring monument of medieval musical art. As such it is one of the most widely studied and performed works of music written before 1600. The Mass itself, however, is surrounded by uncertainty; its date of composition is unknown, its purpose is unclear, and its construction yields much ambiguity. Daniel Leech-Wilkinson has now prepared a much-needed modern performing edition of this work, published by OUP's music department. This companion volume defines his editorial methods in the context of the minefield of controversies surrounding the principles of editing music of this period, and indeed of the many different interpretations of the compositional structure and function of the music. Relating the Mass to other works of the period, he provides the student and performer with an invaluable guide to its intricacies, while his approach will be welcomed by scholars as both controversial and stimulating.

The Cruising Guide to Cuba

Comprehensive and authoritative, this guide combines and updates two smaller, long-trusted regional books to provide seamless coverage of the entire California coast from just outside the Golden Gate Bridge to Mexico, with special attention given to the popular offshore islands between Point Conception and San Diego. "A heartfelt, subversively funny memoir and a bold personal manifesto that pushes back against the superficial expectations of motherhood -- and challenges the idea that there's a "right" way to raise kids. With hard-won knowledge gained from having four kids in four years, Kristen Howerton navigates the emotional and sometimes messy waters of motherhood, sharing valuable lessons from her journey through infertility, adoption, pregnancy, toddler tantrums, divorce, and the shock and awe of parenting teens. Howerton recounts how she learned to opt out from the pressure to do it all perfectly. As a mom of both white and black children and a licensed therapist, Howerton talks frankly about the thorny issues parents face today, whether it's finding good mom friends, confronting racism, disciplining other people's kids, or falling short of that elusive work/life balance. Howerton's experience--the expectations, the stress, the total lack of control, and yes, the indignities of driving a minivan (which now sits in her driveway littered with crushed Cheetos and the remnants of her self-esteem)--along with her ability to laugh at herself, reminds parents they are not alone on this unpredictable ride"--

All facets of collecting movie posters are covered in this guide book.
