The Book of Mormon

A New York Times Editor's Choice 1924. George Mallory is arguably the last great British explorer, having twice tried—and failed—to conquer Mount Everest. The mountain has haunted him, but his attempts have captivated the hearts of a nation desperate to restore its former glory after World War I. Yet George has sworn to his wife, Ruth, that he will not mount a third attempt. He will remain with her and their three children instead of again challenging the unreachable peak. Then, one afternoon, Ruth reads a telegram addressed to George: “Glad to have you aboard again.” And with this one sentence, the lives of the Mallorys, and the face of the nation, are irrevocably changed. A beautifully rendered story about the need for redemption and the quest for glory, *Above All Things* is a captivating blend of historical fact and imaginative fiction. It is a heartbreaking tale of obsession, sacrifice, and what we do for love and honor.

Things Fall Apart

After a terrible virus ravages the planet, Carly Daniels, one of the few survivors, hides in her apartment in Juneau trying to survive the best she can with only occasional forays to gather food. With her is Sam, a wolf puppy she found starving on the streets. He becomes her companion and a reason to continue when giving up sometimes seems like the more attractive option. Still dazed with shock and grief, she hopes for the world to go back to normal soon. She is discovered by Justin, an ex-soldier who is intent on making his way to Florida before the winter sets in. Justin coaxes her out of her hiding place and convinces her to join him on his journey, because a warmer climate will be their best chance against the extremes of Mother Nature. Together, they begin a perilous journey through a nation laid

to waste by the disaster. Challenges abound along the way. The weather, injury, and shortage of supplies all help to slow them down. In time, they discover that they aren't the only survivors. Some are friendly but some have had their minds destroyed by the high fever. Then there are those who simply take what they want, leaving Carly and Justin with no choice but to defend what is theirs. But their journey is not without joy and love. Together, they face every struggle, including an unplanned pregnancy. Despite the perils of bringing a child into a world of chaos, their baby is a new beginning for themselves and a symbol of hope for the other survivors they find along the way. This is the story of their journey to find a place to begin a new life, and a home in each

other.~~~~~Praise for The End of All Things: Not only does Lissa Bryan tell a convincing end of the world as we know it story, but also a wonderfully emotional romance -- Sandra from My Fiction Nook Yes, an end of the world romance TOTALLY works -- Sandi Layne I love, love, love this book. Have reread it 3 times. It's a love story, survival story and action adventure all in one. -- Karen Jenkins The End of All Things was a lovely surprise. I'm a fan of dystopia and post-apocalyptic novels, but Lissa Bryan happened to do something different. She brought love to the forefront, weaving relationships and romance with an end-of-the-world-as-we-know-it into an overall theme of the things taken for granted. -- Raina at The LUV'NV blog But this isn't just a story of two people who find love in the unlikeliest people and places. This story is also about survival and the difficult decisions people have to make to ensure it. -- Amy, Goodreads The End of All Things is more about hope and second chances, and I very much enjoyed the tale. highly recommended for all fans of apocalyptic fiction. It's a well-written book with excellent pace, plot, and best, it has real soul. -- Jade Kerrion, Goodreads I am not usually fond of The End of the World As We Know It books, but this book was so much more than a post apocalypse story. It contained adventure, mystery, sadness and a truly sweet romance. -- Pamela, Goodreads

An End to All Things

Tarmun Vykers, the Reaper, has battled his way across time and two continents, toppling kingdoms and empires alike and killing untold thousands in the process. And he has never really known why. But he's about to find out. And with this new knowledge must come a reckoning--with the Queen, who has manipulated Vykers every step of the way, with the Emperor, who would take what is rightfully the Reaper's, and even with the gods themselves. It is time for the Reaper to do

what he does best.

The Pearl of Great Price

John Perry did two things on his 75th birthday. First he visited his wife's grave. Then he joined the army. The good news is that humanity finally made it into interstellar space. The bad news is that planets fit to live on are scarce—and aliens willing to fight for them are common. The universe, it turns out, is a hostile place. So: we fight. To defend Earth (a target for our new enemies, should we let them get close enough) and to stake our own claim to planetary real estate. Far from Earth, the war has gone on for decades: brutal, bloody, unyielding. Earth itself is a backwater. The bulk of humanity's resources are in the hands of the Colonial Defense Force, which shields the home planet from too much knowledge of the situation. What's known to everybody is that when you reach retirement age, you can join the CDF. They don't want young people; they want people who carry the knowledge and skills of decades of living. You'll be taken off Earth and never allowed to return. You'll serve your time at the front. And if you survive, you'll be given a generous homestead stake of your own, on one of our hard-won colony planets. John Perry is taking that deal. He has only the vaguest idea what to expect. Because the actual fight, light-years from home, is far, far harder than he can imagine—and what he will become is far stranger. The Signature of All Things

One of the BBC's '100 Novels That Shaped Our World' A worldwide bestseller and the first part of Achebe's African Trilogy, Things Fall Apart is the compelling story of one man's battle to protect his community against the forces of change Okonkwo is the greatest wrestler and warrior alive, and his fame spreads throughout West Africa like a bush-fire in the harmattan. But when he accidentally kills a clansman, things begin to fall apart. Then Okonkwo returns from exile to find missionaries and colonial governors have arrived in the village. With his world thrown radically off-balance he can only hurtle towards tragedy. First published in 1958, Chinua Achebe's stark, coolly ironic novel reshaped both African and world literature, and has sold over ten million copies in forty-five languages. This arresting parable of a proud but powerless man witnessing the ruin of his people begins Achebe's landmark trilogy of works chronicling the fate of one African community, continued in Arrow of God and No Longer at Ease. Above All Things

The beloved debut novel about an affluent Indian family forever changed by one fateful day in 1969, from the author of *The Ministry of Utmost Happiness* NEW YORK TIMES BESTSELLER • MAN BOOKER PRIZE WINNER Compared favorably to the works of Faulkner and Dickens, Arundhati Roy's modern classic is equal parts powerful family saga, forbidden love story, and piercing political drama. The seven-year-old twins Estha and Rahel see their world shaken irrevocably by the arrival of their beautiful young cousin, Sophie. It is an event that will lead to an illicit liaison and tragedies accidental and intentional, exposing "big things [that] lurk unsaid" in a country drifting dangerously toward unrest. Lush, lyrical, and unnerving, *The God of Small Things* is an award-winning landmark that started for its author an esteemed career of fiction and political commentary that continues unabated.

All Things Left Wild

From Elizabeth Hay, one of Canada's beloved novelists, comes a startling and beautiful memoir about the drama of her parents' end, and the longer drama of being their daughter. Winner of the 2018 Hilary Weston Writers' Trust Prize for Nonfiction. Jean and Gordon Hay were a colourful, formidable pair. Jean, a late-blooming artist with a marvellous sense of humour, was superlatively frugal; nothing got wasted, not even maggoty soup. Gordon was a proud and ambitious schoolteacher with a terrifying temper, a deep streak of melancholy, and a devotion to flowers, cars, words, and his wife. As old age collides with the tragedy of living too long, these once ferociously independent parents become increasingly dependent on Lizzie, the so-called difficult child. By looking after them in their final decline, she hopes to prove that she can be a good daughter after all. In this courageous memoir, written with tough-minded candour, tenderness, and wit, Elizabeth Hay lays bare the exquisite agony of a family's dynamics--entrenched favouritism, sibling rivalries, grievances that last for decades, genuine admiration, and enduring love. In the end, she reaches a more complete understanding of the most unforgettable characters she will ever know, the vivid giants in her life who were her parents.

The End of All Things

A glorious, sweeping novel of desire, ambition, and the thirst for knowledge, from the # 1 New York Times bestselling author of *Eat Pray Love*, *Big Magic*, and *City of Girls* In *The Signature of All Things*, Elizabeth Gilbert returns to fiction, inserting her inimitable voice

into an enthralling story of love, adventure and discovery. Spanning much of the eighteenth and nineteenth centuries, the novel follows the fortunes of the extraordinary Whittaker family as led by the enterprising Henry Whittaker—a poor-born Englishman who makes a great fortune in the South American quinine trade, eventually becoming the richest man in Philadelphia. Born in 1800, Henry's brilliant daughter, Alma (who inherits both her father's money and his mind), ultimately becomes a botanist of considerable gifts herself. As Alma's research takes her deeper into the mysteries of evolution, she falls in love with a man named Ambrose Pike who makes incomparable paintings of orchids and who draws her in the exact opposite direction—into the realm of the spiritual, the divine, and the magical. Alma is a clear-minded scientist; Ambrose a utopian artist—but what unites this unlikely couple is a desperate need to understand the workings of this world and the mechanisms behind all life. Exquisitely researched and told at a galloping pace, *The Signature of All Things* soars across the globe—from London to Peru to Philadelphia to Tahiti to Amsterdam, and beyond. Along the way, the story is peopled with unforgettable characters: missionaries, abolitionists, adventurers, astronomers, sea captains, geniuses, and the quite mad. But most memorable of all, it is the story of Alma Whittaker, who—born in the Age of Enlightenment, but living well into the Industrial Revolution—bears witness to that extraordinary moment in human history when all the old assumptions about science, religion, commerce, and class were exploding into dangerous new ideas. Written in the bold, questing spirit of that singular time, Gilbert's wise, deep, and spellbinding tale is certain to capture the hearts and minds of readers.

"Insightful, affecting, funny, and appropriately terrifying." —Sally Rooney "Harrowing, tender-hearted, and funny as hell." —Jenny Offill

By the author of the award-winning *To Be a Machine*, an absorbing, deeply felt book about our anxious present tense—and coming to grips with the future We're alive in a time of worst-case scenarios: The weather has gone uncanny. A viral pandemic has the power to draw our global community to a halt. Old postwar alliances are crumbling. Everywhere you look there's an omen, a joke whose punchline is the end of the world. How is a person supposed to live in the shadow of such a grim future? What does it mean to have children—nothing if not an act of hope—in such unsettled times? What might it be like to live through the worst? And what on Earth is anybody doing about it? Dublin-based writer Mark O'Connell is consumed by these questions—and, as the father of two young children himself, he finds them increasingly urgent. In *Notes from an Apocalypse*, he crosses the globe in pursuit of answers. He tours survival bunkers in South Dakota. He ventures to New Zealand, a favored retreat of billionaires banking on civilization's collapse. He engages with would-be Mars colonists, preppers, right-wing conspiracists. And he bears witness to those places, like Chernobyl, that the future has already visited—real-life

portraits of the end of the world as we know it. In doing so, he comes to a resolution, while offering readers a unique window into our contemporary imagination. Both investigative and deeply personal, *Notes from an Apocalypse* is an affecting, humorous, and surprisingly hopeful meditation on our present moment. With insight, humanity, and wit, O'Connell leaves you to wonder: What if the end of the world isn't the end of the world?

The Human Division

In an era defined by massive corporate disasters, Tea Parties, state-sanctioned torture, and cultural alienation, people throw in their lot with consumerism and prophets and pundits wishing to harvest the uncertainty of their times, in this tough debut story collection by Jared Yates Sexton.

All Things Cease to Appear

New York Times bestselling author John Eldredge offers readers a breathtaking look into God's promise for a new heaven and a new earth. This revolutionary book about our future is based on the simple idea that, according to the Bible, heaven is not our eternal home--the New Earth is. As Jesus says in the gospel of Matthew, the next chapter of our story begins with "the renewal of all things," by which he means the earth we love in all its beauty, our own selves, and the things that make for a rich life: music, art, food, laughter and all that we hold dear. Everything shall be renewed "when the world is made new." More than anything else, how you envision your future shapes your current experience. If you knew that God was going to restore your life and everything you love any day; if you believed a great and glorious goodness was coming to you--not in a vague heaven but right here on this earth--you would have a hope to see you through anything, an anchor for your soul, "an unbreakable spiritual lifeline, reaching past all appearances right to the very presence of God" (Hebrews 6:19). Most Christians (most people for that matter) fail to look forward to their future because their view of heaven is vague, religious, and frankly boring. Hope begins when we understand that for the believer nothing is lost. Heaven is not a life in the clouds; it is not endless harp-strumming or worship-singing. Rather, the life we long for, the paradise Adam and Eve knew, is precisely the life that is coming to us. And that life is coming soon.

Is Death the End of All Things for Man? By a parent and a teacher

Where is God When We Suffer? God's silence in the midst of human suffering is a great mystery of our existence. Faced with mass suffering, such as pandemics, plagues, and natural disasters, we may wonder whether God actually cares about us or whether He just says that He does. *Pandemics, Plagues, and Natural Disasters: What is God Saying to Us?* helps explain the role of God in suffering. Dr. Erwin Lutzer examines how God uses tragedies throughout the Bible to speak to His people, and that, ultimately, God always has our well-being in mind even when He doesn't relieve our immediate pain. Perhaps most importantly, find lasting joy and relief by learning how times of such widespread trouble reveal God's ultimate plans for our salvation from all temporary and eternal suffering.

All Things New

"Lydia is dead. But they don't know this yet. So begins the story of this exquisite debut novel, about a Chinese American family living in 1970s small-town Ohio. Lydia is the favorite child of Marilyn and James Lee; their middle daughter, a girl who inherited her mother's bright blue eyes and her father's jet-black hair. Her parents are determined that Lydia will fulfill the dreams they were unable to pursue—in Marilyn's case that her daughter become a doctor rather than a homemaker, in James's case that Lydia be popular at school, a girl with a busy social life and the center of every party. When Lydia's body is found in the local lake, the delicate balancing act that has been keeping the Lee family together tumbles into chaos, forcing them to confront the long-kept secrets that have been slowly pulling them apart. James, consumed by guilt, sets out on a reckless path that may destroy his marriage. Marilyn, devastated and vengeful, is determined to find a responsible party, no matter what the cost. Lydia's older brother, Nathan, is certain that the neighborhood bad boy Jack is somehow involved. But it's the youngest of the family—Hannah—who observes far more than anyone realizes and who may be the only one who knows the truth about what happened. A profoundly moving story of family, history, and the meaning of home, *Everything I Never Told You* is both a gripping page-turner and a sensitive family portrait, exploring the divisions between cultures and the rifts within a family, and uncovering the ways in which mothers and daughters, fathers and sons, and husbands and wives struggle, all their lives, to understand one another"--

Pandemics, Plagues, and Natural Disasters

Did Jesus of Nazareth really intend to start a brand new religion called "Christianity"? Or, did He come to fulfill that which all of the Hebrew prophets had foretold since the fall of man—something the Holy Scriptures mysteriously and wonderfully call "the restitution of all things." In his newest book, *The Restitution of All Things: Israel, Christians, and the End of the Age*, veteran journalist and bestselling author Joseph Farah seeks to shed light on what few sermons today teach about, few authors expound upon, and few Bible studies explore: the coming kingdom of God. *The Restitution of All Things* is a primer on the Hebrew roots of the Christian faith that will forever give you a new appreciation of the work Jesus did on the cross, and will answer these provocative questions: What does the Bible clearly teach about the ultimate solution to the Middle East conflict? Is the story of the New Testament really grace vs law? Or has grace always been around and is the law forever? What is the ultimate destination of redeemed mankind – heaven or earth? Why is there so much focus in the prophecy world on events leading up to the return of Jesus and so little about what follows? What is the central conflict Jesus has in the gospels and what was the great error of the Pharisees? Is it possible today's believers in Jesus could be making the same error as the Pharisees of His time? Have Christians replaced Israel as the people of promise? Using Scriptures almost exclusively as a resource, Farah will shock and amaze most Christians with a clear

picture of what the coming kingdom of God will be like. Such prophetic Scriptures and many others, closely matching the conditions of today's world, make a compelling case that we may be nearing this very special and long-prophesied time—a time of great hope, but also of great deception. With so much attention by prophecy teachers on events to occur before the return of Jesus, The Restitution of All Things looks beyond that to His one-thousand year reign of earth. It exposes the spiritual traditions of men that often overshadow the commandments of God. It lays bare the pernicious lie that has become known today as "replacement theology." It is a wake-up call to the world regarding the ever-present truth of the Bible, and of the reality of Jesus-Yeshua, the Messiah, the King, the High Priest, the Redeemer, and Son of God. Founder of the world's largest Christian content website, publisher of numerous bestselling Christian books and films, and devoted follower of Jesus-Yeshua and seeker of truth, Joseph Farah tackles the hard questions and explores the roots of the Christian faith based on Acts 3: "Repent ye therefore, and be converted, that your sins may be blotted out, when the times of refreshing shall come from the presence of the Lord. And he shall send Jesus Christ, which before was preached unto you: Whom the heaven must receive until the times of restitution of all things, which God hath spoken by the mouth of all his holy prophets since the world began." (Act 3:19-21). Farah's book is an original, fresh and deeply thought-provoking look at that which every Christian believer looks forward to with hope—and with awe.

John Hicklenton was one of Britain's leading comic book artists, who took his own life in March 2010 with the assistance of Dignitas in Zurich. *100 Months* is an apocalyptic parable of environmental devastation written and drawn in fore knowledge of his own impending death. An intense, hallucinatory story with overtones of Dostoevsky's 'Legend of the Grand Inquisitor' and artwork of breathtaking intensity, it is the crowning achievement of a brilliant career, a true graphic novel that engages ultimate themes of life, death and salvation. Controversial, haunting and tortured in all senses, it will inevitably fuel debate around the issues of taking one's own life. Includes a foreword by Pat Mills.

"Craig Koester provides commentary on each section of the book of Revelation, drawing on the best recent scholarship and contemporizing his discussion with references to events like the siege at Waco, the phenomenal sales of the Left Behind series, and the use of Revelation in hymnody and art. Based on two decades of teaching Revelation to seminary students, pastors, and lay groups, this discussion strikes a balance between taking the text's first-century context seriously and making Revelation relevant to twenty-first-century readers."--BOOK JACKET.

Everything I Never Told You

Hugo-award winning author, John Scalzi returns to his best-selling Old Man's War universe with *The End of All Things*, the direct sequel to 2013's *The Human Division*. Humans expanded into space only to find a universe populated with multiple alien species bent on their destruction. Thus was the Colonial Union formed, to help protect us from a hostile universe. The Colonial Union used the Earth and its excess population for colonists and soldiers. It was a good arrangement for the Colonial Union. Then the Earth said: no more. Now the Colonial Union is living on borrowed time—a couple of decades at most, before the ranks of the Colonial Defense Forces are depleted and the struggling human colonies are vulnerable to the alien species who have been waiting for the first sign of weakness, to drive humanity to ruin. And there's another problem: A group, lurking in the darkness of space, playing human and alien against each other—and against their own kind—for their own unknown reasons. In this collapsing universe, CDF Lieutenant Harry Wilson and the Colonial Union diplomats he works with race against the clock to discover who is behind attacks on the Union and on alien races, to seek peace with a suspicious, angry Earth, and keep humanity's union intact or else risk oblivion, and extinction—and the end of all things. The Restitution of All Things

The final work of a comics visionary, this intense, hallucinatory story with artwork of breathtaking intensity is a true graphic novel, engaging ultimate themes of life, death, and salvation The late John Hicklenton was one of Britain's leading comic book artists, famous for the brutal, visceral draughtsmanship he brought to the 2000AD/Judge Dredd titles and Nemesis the Warlock. His final graphic novel is a parable of environmental devastation, depicting the quest of Mara, Warrior and Earth Goddess, as she seeks revenge against the Longpig: a Satanic personification of capitalism, red in tooth and claw, whose followers, a legion of the damned, look quite a lot like us. The world of the Longpig is rich in killing fields and scenes of mass crucifixion that recall Goya, Blake, and Bacon, and represents a true crossover of the graphic novel form with fine art. John took his own life with the help of an assisted dying group, following a heroic struggle with multiple sclerosis. This book was drawn and written in foreknowledge of his imminent death, and its insight into universal themes of life, death, salvation, and damnation seems to come from a place between worlds. Its words those of a prophet, its artwork transcending the comic book form, 100 Months will redefine the adult graphic novel.

The Name of All Things

This volume collects for the first time in a single volume all of Kant's writings on religion and rational theology. These works were written during a period of conflict between Kant and the Prussian authorities over his religious teachings. His final statement of religion was made after the death of King Frederick William II in 1797. The historical context and progression of this conflict are charted in the general introduction to the volume and in the translators' introductions to particular texts. All the translations are new with the exception of The Conflict of the Faculties, where the translation has been revised and re-edited to conform to the guidelines of the Cambridge Edition. As is standard with all the volumes in this edition, there are copious linguistic and explanatory notes, and a glossary of key terms.

Revelation and the End of All Things

"At End of All Things There is and Shall Always Be . . ." A

captivating and compassionate novella with an unforgettable ending; *At the End of All Things* is about a desperate man named Rick who treks into the Grand Canyon to perform a gruesome act, but a mysterious woman who seems to know more about him than humanly possible intervenes by telling him stories to help him change his horrifying decision. She tells of a man losing his path, a mother stopping a war, an old warship and her captain storming into battle one last time, and a boy reaching sainthood in a gang-controlled neighborhood in Chicago. These stories are connected to Rick somehow, and he questions the mysterious woman's reality. Is she real, a hallucination, or something much more? Most important, can she save Rick and help him see that there is something worth finding at the end of all things?

At The End of All Things

Following the events of *The Last Colony*, John Scalzi tells the story of the fight to maintain the unity of the human race. The people of Earth now know that the human Colonial Union has kept them ignorant of the dangerous universe around them. For generations the CU had defended humanity against hostile aliens, deliberately keeping Earth an ignorant backwater and a source of military recruits. Now the CU's secrets are known to all. Other alien races have come on the scene and formed a new alliance—an alliance against the Colonial Union. And they've invited the people of Earth to join them. For a shaken and betrayed Earth, the choice isn't obvious or easy. Against such possibilities, managing the survival of the Colonial Union won't be easy, either. It will take diplomatic finesse, political cunning and a brilliant "B Team," centered on the resourceful Lieutenant Harry Wilson, that can be deployed to deal with the unpredictable and unexpected things the universe throws at you when you're struggling to preserve the unity of the human race. Being published online from January to April 2013 as a three-month digital serial, *The Human Division* will appear as a full-length novel of the *Old Man's War* universe, plus—for the first time in print—the first tale of Lieutenant Harry Wilson, and a coda that wasn't part of the digital serialization. *Old Man's War* Series #1 *Old Man's War* #2 *The Ghost Brigades* #3 *The Last Colony* #4 *Zoe's Tale* #5 *The Human Division* #6 *The End of All Things* Short fiction: "After the Coup" Other Tor Books *The Android's Dream* *Agent to the Stars* *Your Hate Mail Will Be Graded Fuzzy* *Nation Redshirts* *Lock In* *The Collapsing Empire* (forthcoming) At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

End of All Things

The easiest way to deal with false doctrine is to affirm its absolute opposite. Unfortunately, this opposite affirmation is often no less erroneous than the false doctrine against which it reacts -- sometimes, it is worse. Most conservative Christians in the twentieth century have been obsessed with "the last days." An absolute opposite

answer has recently emerged in the form of what C. Jonathin Seraiah terms "pantelism," the view that all final events had taken place by the destruction of Jerusalem in A.D.70. With one fell swoop, this viewpoint eviscerates dispensationalism. Unfortunately, it also undermines orthodox Christianity. In the present work, C. Jonathin Seraiah ferrets out the leading flaws of pantelism (the so called "consistent preterism") and reinforces the accuracy of the orthodox understanding of eschatology—the future physical Second Advent of Christ, physical resurrection of just and unjust, and final judgment. The author shows that the leading biblical texts that pantelists employ to buttress their position do not in fact support it and that other texts flatly refute it. He observes, moreover, that pantelism is not a marginally falwed interpretation; rather, it subverts and restructures the Faith itself. This book is essential reading for those interested in a biblically grounded and historically informed eschatology.

The End of Everything

When one defines "order" as a sorting of priorities, it becomes beautifully clear as to what Foucault is doing here. With virtuoso showmanship, he weaves an intensely complex history of thought. He dips into literature, art, economics and even biology in *The Order of Things*, possibly one of the most significant, yet most overlooked, works of the twentieth century. Eclipsed by his later work on power and discourse, nonetheless it was *The Order of Things* that established Foucault's reputation as an intellectual giant. Pirouetting around the outer edge of language, Foucault unsettles the surface of literary writing. In describing the limitations of our usual taxonomies, he opens the door onto a whole new system of thought, one ripe with what he calls "exotic charm". Intellectual pyrotechnics from the master of critical thinking, this book is crucial reading for those who wish to gain insight into that odd beast called Postmodernism, and a must for any fan of Foucault.

Invincible Volume 25

After an attempted horse theft goes tragically wrong, sixteen-year-old Caleb Bentley is on the run with his mean-spirited older brother across the American Southwest at the turn of the twentieth century. Caleb's moral compass and inner courage will be tested as they travel the harsh terrain and encounter those who have carved out a life there, for good or ill. Wealthy and bookish Randall Dawson, out of place in this rugged and violent country, is begrudgingly chasing after the Bentley brothers. With little sense of how to survive, much less how to take his revenge, Randall meets Charlotte, a woman experienced in the deadly ways of life in the West. Together they navigate the murky values of vigilante justice. Powerful and atmospheric, lyrical and fast-paced, *All Things Left Wild* is a coming-of-age for one man, a midlife odyssey for the other, and an

illustration of the violence and corruption prevalent in our fast-expanding country. It artfully sketches the magnificence of the American West as mirrored in the human soul.

Invincible: Family matters

"This literary thriller's complex narrative involves a cursed house, an unsolved murder and impeccable writing." -The New York Times Book Review The basis for the Netflix Film Things Heard and Seen Recent transplants to the small town of Chosen, New York, the Clares have not received the warmest welcome; once a thriving dairy farm, their home is haunted by the tragedy that left the former owner's three sons orphaned and adrift. Late one winter afternoon, professor George Clare knocks on his neighbor's door with terrible news: he returned from work to find his wife, Catherine, murdered in their bed. Someone took an ax to her head while their three-year-old daughter, Franny, played alone in her room across the hall. As one dark secret peels away to reveal others—and as the Clare marriage reveals itself to have a sinister darkness that rivals the farm's history—Elizabeth Brundage offers a rich and complex portrait of the scars that can haunt a community for generations and the dark longings inside each and every one of us that drive us to do inexplicable things.
