Ask and it is Given Cards

The tenth-anniversary edition of the book that changed lives in profound ways, now with a new foreword and afterword. In 2006, a groundbreaking feature-length film revealed the great mystery of the universe—The Secret—and, later that year, Rhonda Byrne followed with a book that became a worldwide bestseller. Fragments of a Great Secret have been found in the oral traditions, in literature, in religions and philosophies throughout the centuries. For the first time, all the pieces of The Secret come together in an incredible revelation that will be life-transforming for all who experience it. In this book, you'll learn how to use The Secret in every aspect of your life—money, health, relationships, happiness, and in every interaction you have in the world. You'll begin to understand the hidden, untapped power that's within you, and this revelation can bring joy to every aspect of your life. The Secret contains wisdom from modern-day teachers—men and women who have used it to achieve health, wealth, and happiness. By applying the knowledge of The Secret, they bring to light compelling stories of eradicating disease, acquiring massive wealth, overcoming obstacles, and achieving what many would regard as impossible.

How The Secret Changed My Life

In The Four Agreements, a New York Times bestseller for over 7 years, Ruiz revealed how the process of our education, or “domestication,” can make us forget the wisdom we were born with. Throughout our lives, we make many agreements that go against ourselves and create needless suffering. The Four Agreements help us to break these self-limiting agreements and replace them with agreements that bring us personal freedom, happiness, and love. In The Fifth Agreement, don Miguel Ruiz joins his son don Jose Ruiz to offer a fresh perspective on The Four Agreements, and a powerful new agreement for transforming our lives into our personal heaven. The Fifth Agreement takes us to a deeper level of awareness of the power of the Self, and returns us to the authenticity we were born with. In this compelling sequel to the book that has changed the lives of millions of people around the world, we are reminded of the greatest gift we can give ourselves: the freedom to be who we really are.

The Secret to Teen Power

Deftly written and emotionally powerful, *Drowning Ruth* is a stunning portrait of the ties that bind sisters together and the forces that tear them apart, of the dangers of keeping secrets and the explosive repercussions when they are exposed. A mesmerizing and achingly beautiful debut. Winter, 1919. Amanda Starkey spends her days nursing soldiers wounded in the Great War. Finding herself suddenly overwhelmed, she flees Milwaukee and retreats to her family's farm on Nagawaukee Lake, seeking comfort with her younger sister, Mathilda, and three-year-old niece, Ruth. But very soon, Amanda comes to see that her old home is no refuge--she has carried her troubles with her. On one terrible night almost a year later, Amanda loses nearly everything that is dearest to her when her sister mysteriously disappears and is later found drowned beneath the ice that covers the lake. When Mathilda's husband comes home from the war, wounded and troubled himself, he finds that Amanda has taken charge of Ruth and the farm, assuming her responsibility with a frightening intensity. Wry and guarded, Amanda tells the story of her family in careful doses, as anxious to hide from herself as from us the secrets of her own past and of that night. Ruth, haunted by her own memory of that fateful night, grows up under the watchful eye of her prickly and possessive aunt and gradually becomes aware of the odd events of her childhood. As she tells her own story with increasing clarity, she reveals the mounting toll that her aunt's secrets exact from her family and everyone around her, until the heartrending truth is uncovered. Guiding us through the lives of the Starkey women, Christina Schwarz's first novel shows her compassion and a unique understanding of the American landscape and the people who live on it. From the Hardcover edition.

L.O.V.E.: Live a Life of Vibrant Energy: Change Your Storychange Your Life

A hundred-thousand years ago one of the biggest differences between humans and the rest of the animal kingdom was that we were better at catching them than they were at catching us. Today things have changed somewhat. Thinking is easy. Anyone can think. What's important is thinking intelligently. The problem is that a battle for our minds is taking place, and most people don't even notice. We're influenced from the news, social gatherings, what we read, what we are told, and what everyone else is thinking. Salespeople, marketers, and politicians know thousands of ways to push our minds in one direction or another. The result is that society is littered with people who retain beliefs they cannot explain for reasons they do not know. What you think matters. People fight for their beliefs, defend them, and in some cases even die for them. Lesser minds might be content with easy answers and poorly thought out explanations. But if you seek a strong mind, you first must ensure that you are capable of overcoming the elements that influence the way you think. Intellectual Warfare is designed to equip you with the tools necessary to win the battle for your mind. The book spans a host of topics ranging from the human ego, natural biases, cognitive illusions, and an entire section on the weapons of persuasion constantly attacking your thought process. Aimed at anyone seeking to improve their intellect, this book will ensure you are making the most of your mind.

The Secret Daily Teachings

In *The Mastery of Love*, don Miguel Ruiz illuminates the fear-based beliefs and assumptions that undermine love and lead to suffering and drama in our relationships. Using insightful stories to bring his message to life, Ruiz shows us how to heal our emotional wounds, recover the freedom and joy that are our birthright, and restore the spirit of playfulness that is vital to loving relationships. *The Mastery of Love* includes: * Why "domestication" and the "image of perfection" lead to self-rejection * The war of control that slowly destroys most relationships * Why we hunt for love in others, and how to capture the love inside us * How to finally accept and forgive ourselves and others "Happiness can only come from inside of you and is the result of your love. When you are aware that no one else can make you happy, and that happiness is the result of your love, this becomes the greatest mastery of the Toltec: the Mastery of Love." - don Miguel Ruiz

The Seat of the Soul

"Wish you knew exactly what to say in awkward social situations? Do you want a formula for charisma? Do you want to know exactly what to say to your boss, your date, or your mother-in-law? You need to know how people work. As a human behavior investigator, Vanessa Van Edwards studies the hidden forces that drive our behavior patterns in her lab--and she's cracked the code. In *Captivate* she shares a wealth of valuable shortcuts, systems and behavior hacks for taking charge of their interactions at work, at home, and in any social situation. These aren't the people skills you learned in school. This is the first comprehensive, science backed, real life manual on human behavior and a completely new approach to building connections. Just like knowing the right formulas to use in chemistry, or the right programming language to write code, the hacks in this book are simple ways to solve for people. For example: -The Social Game Plan: Every party, networking event and social situation has a predictable map - discover how to work a room and the sweet spot for making the most connections. -The 7 Microexpressions: Learn how to speed-read the 7 universal facial expressions and how they can be used to predict people's emotions. -Conversation Sparks: All conversations can be hacked--if you know how certain words generate dopamine in the people you meet. When you understand the laws of human behavior you can get along with anyone, and your influence, impact, and income will increase as a result. What's more, you will improve your interpersonal intelligence, make a killer first impression, and build rapport quickly and authentically in any

situation--negotiations, interviews, parties, and pitches. You will never interact in the same way again"--

Attracting the Life You Desire

Declutter every aspect of your life -- from your wardrobe, exercise schedule and food budget to your phone, bookshelves and beauty regime -- with this realistic guide to getting neat and keeping things that way. Anna Newton is just trying to balance work, her friends, her family, her husband Mark, a growing handbag habit and a love for takeaway pizza. Over the past 8 years of running the blog and corresponding YouTube Chanel 'The Anna Edit', she's grown a loyal viewership who tune in for her weekly videos on everything from house renovations to the best summer foundation. Anna is a typical Virgo -- she loves being organised. She's Marie Kondo'd her house, nearly throwing away her TV remote in the process. She's waved goodbye to her things with Fumio Sasaki. She's minimized and bullet-journalled her schedules down to the finest detail. Along the way, she's realised something key: there's no one

prescription for an organized life, a tidy home and calm mind. Instead, it's all about editing. Learn how to edit your home, calendar, exercise regime, social life, me-time, wardrobe, household budget, digital detox, beauty routine and office space. It's about how to utilise your time and spend more of it doing what makes you happy.

Drowning Ruth

Life comes and goes. Some people sit on the sidelines, watching other people play the game of success, wishing they were them. You don't have to be them to get what you want out of life. You can attract the perfect life for you; the life you desire. This book will walk you through how to do this. I was depressed as a young person in my 20s. I knew I wanted to achieve some great ideal but didn't have the foggiest clue how to go about it. I wondered around like a chicken with its head cut off, aimless and thinking somehow I'd come on to the perfect life by fate or something. I was always left feeling ill-at-ease and hopeless. I learned some hard life lessons. They say that learning the hard way is the only way to learn for some people. I have an avoidant personality. I typically avoid problems by doing things I don't always desire to do. It was hard for me to change this when it was eventually brought to my attention. Change is hard for some. It was for me. Ironically, my whole life had always been about change. My father was a truck driver, so growing up we moved frequently. I was constantly giving up friends. At some point I gave up on making friends at all. I knew the moment I formed a strong bond with someone, a class mate or two, even a girlfriend, I'd be moving along again, to some other place unknown. Sometimes you just have to go with the flow. You have to take what life throws at you. Or do you? This is a debatable question. As an adult I have learned how to get what I want out of life. I have learned how to attract into my life the perfect relationships, perfect lifestyle, and perfect everything. More irony: perfect doesn't exist; it is in the eye of the beholder-your eyes. In this book, I'll teach you now how to be the maestro of your orchestrated life. I will show you how to create the perfect melody, called The Perfect Life, and enjoy every bit as much as you possibly can. Like life, you can never experience a live musical performance twice, exactly as you did the first time. For this reason, this book is going to listen so well you will never be the same; that is, after you attract the life you desire. Let's learn how to attract the life you desire so you can experience the event of a lifetime. [Grab Your Copy Now](#)
