The Secrets of Strangers

The New York Times bestseller about a noted tech venture capitalist, early mentor to Mark Zuckerberg, and Facebook investor, who wakes up to the serious damage

Facebook is doing to our society - and sets out to try to stop it. If you had told Roger McNamee even three years ago that he would soon be devoting himself to stopping Facebook from destroying our democracy, he would have howled with laughter. He had mentored many tech leaders in his illustrious career as an investor, but few things had made him prouder, or been better for his fund's bottom line, than his early service to Mark Zuckerberg. Still a large shareholder in Facebook, he had every good reason to stay on the bright side. Until he simply couldn't. ZUCKED is McNamee's intimate reckoning with the catastrophic failure of the head of one of the world's most powerful companies to face up to the damage he is doing. It's a story that begins with a series of rude awakenings. First there is the author's dawning realization that the platform is being manipulated by some very bad actors. Then there is the even more unsettling realization that Zuckerberg and Sheryl Sandberg are unable or unwilling to share his concerns, polite as they may be to his face. And then comes the election of Donald Trump, and the emergence of one horrific piece of news after another about the malign ends to which the Facebook platform has been put. To McNamee's shock, even still Facebook's leaders duck and dissemble, viewing the matter as a public relations problem. Now thoroughly alienated, McNamee digs into the issue, and fortuitously meets up with some fellow travelers who share his concern, and help him sharpen its focus. Soon he and a dream team of Silicon Valley technologists are charging into the fray, to raise consciousness about the existential threat of Facebook, and the persuasion architecture of the attention economy more broadly -- to our public

health and to our political order. Zucked is both an enthralling personal narrative and a masterful explication of the forces that have conspired to place us all on the horns of this dilemma. This is the story of a company and its leadership, but it's also a larger tale of a business sector unmoored from normal constraints, just at a moment of political and cultural crisis, the worst possible time to be given new tools for summoning the darker angels of our nature and whipping them into a frenzy. Like Jimmy Stewart in Rear Window, Roger McNamee happened to be in the right place to witness a crime, and it took him some time to make sense of what he was seeing and what we ought to do about it. The result of that effort is a wise, hard-hitting, and urgently necessary account that crystallizes the issue definitively for the rest of us.

The Ministry of Truth

The definitive biography of Edward Gorey, the eccentric master of macabre nonsense. From *The Gashlycrumb Tinies* to *The Doubtful Guest*, Edward Gorey's wickedly funny and deliciously sinister little books have influenced our culture in innumerable ways, from the works of Tim Burton and Neil Gaiman to Lemony Snicket. Some even call him the Grandfather of Goth. But who was this man, who lived with over twenty thousand books and six cats, who roomed with Frank O'Hara at Harvard, and was known--in the late 1940s, no less--to traipse around in full-length fur coats, clanking bracelets, and an Edwardian beard? An eccentric, a

gregarious recluse, an enigmatic auteur of whimsically morbid masterpieces, yes--but who was the real Edward Gorey behind the Oscar Wildean pose? He published over a hundred books and illustrated works by Samuel Beckett, T.S. Eliot, Edward Lear, John Updike, Charles Dickens, Hilaire Belloc, Muriel Spark, Bram Stoker, Gilbert & Sullivan, and others. At the same time, he was a deeply complicated and conflicted individual, a man whose art reflected his obsessions with the disquieting and the darkly hilarious. Based on newly uncovered correspondence and interviews with personalities as diverse as John Ashbery, Donald Hall, Lemony Snicket, Neil Gaiman, and Anna Sui, BORN TO BE POSTHUMOUS draws back the curtain on the eccentric genius and mysterious life of Edward Gorey.

Orwell on Freedom

Memo: For Ministry of Strange, Unusual, and Impossible Things Operatives Only RE: The Ministry of SUITs by Paul Gamble (winner of the Eilís Dillon award for a first children's book) A series of strange incidents have been reported in Belfast: * Oddball kids are going missing * There are several unconfirmed signs of pirates. * A wild bear known to be a very sore loser at musical statues has escaped from the museum and is on the rampage. Fortunately, our newest recruits, Jack Pearse, a curious boy skilled at logical thinking and seeing what's actually there, and Trudy Emerson, the most dangerous girl in his school, are on the case. As per Ministry

policy, they are currently being trained in the use of The Speed (patent pending) and will have full access to Ministry supplies (assuming they manage to navigate the paperwork without going insane), so we are confident that they will succeed in their mission to discover and foil this villainous plot. Please provide all assistance possible, as a) they don't know who they are actually up against, b) the world is much stranger than they realized, and c) they are only 12 and have to be in bed by 10 p.m. P.S.-Could all Ministry operatives who have borrowed dinosaurs in the past two weeks please return them? We're running low on inventory.

Zucked

A humorous, yet practical five-step guide to ridding ourselves--and our companies--of commonplace, bureaucratic bottlenecks that plague every office around the world.

Orwell

New York Times Best Seller Longlisted for the Man Booker Prize Named a Best Book of 2017 by NPR, Amazon, Kirkus, The Washington Post, Newsday, and the Hudson Group A dazzling, richly moving new novel by the internationally celebrated author of *The God of Small Things* *The Ministry of Utmost Happiness* takes us on an

intimate journey of many years across the Indian subcontinent—from the cramped neighborhoods of Old Delhi and the roads of the new city to the mountains and valleys of Kashmir and beyond, where war is peace and peace is war. It is an aching love story and a decisive remonstrance, a story told in a whisper, in a shout, through unsentimental tears and sometimes with a bitter laugh. Each of its characters is indelibly, tenderly rendered. Its heroes are people who have been broken by the world they live in and then rescued, patched together by acts of love—and by hope. The tale begins with Anjum—who used to be Aftab—unrolling a threadbare Persian carpet in a city graveyard she calls home. We encounter the odd, unforgettable Tilo and the men who loved her—including Musa, sweetheart and ex-sweetheart, lover and ex-lover; their fates are as entwined as their arms used to be and always will be. We meet Tilo's landlord, a former suitor, now an intelligence officer posted to Kabul. And then we meet the two Miss Jebeens: the first a child born in Srinagar and buried in its overcrowded Martyrs' Graveyard; the second found at midnight, abandoned on a concrete sidewalk in the heart of New Delhi. As this ravishing, deeply humane novel braids these lives together, it reinvents what a novel can do and can be. The Ministry of Utmost Happiness demonstrates on every page the miracle of Arundhati Roy's storytelling gifts.

The Rub of Time

This is not a book about epic firefights. It's not about battlefield heroics. No one will

extract a blockbuster movie from these words. Rather, the purpose of this book is to use the story of a combat advisor's deployment to Afghanistan to illustrate one of America's gravest betrayals. For nearly two decades, the United States has sent its youth to fight and die in Afghanistan, all the while failing to define a clear political objective to be achieved by these military means. This failure came to a head as 2014 rolled into 2015, and the U.S. government declared an "end to combat operations." These empty words failed to align with the reality on the ground; they simply forced our nation's warfighters to shoulder the risk of combat without the ability to defend themselves. This is the story of that time, about America's new "Ministry of Truth" and the servicemembers sent to carry out its whims.

The Ministry of Common Sense

Focusing on pastoral leadership within local churches or groups of churches, Derek Tidball provides a comprehensive survey of the variety of ministry models and patterns found in the New Testament with applications for today's ministry.

The New Ministry of Truth

Having fled the violent breakup of Yugoslavia, Tanja Lucic is now a professor of

literature at the University of Amsterdam, where she teaches a class filled with other young Yugoslav exiles, most of whom earn meager wages assembling leather and rubber S&M clothing at a sweatshop they call the "Ministry." Abandoning literature, Tanja encourages her students to indulge their "Yugonostalgia" in essays about their personal experiences during their homeland's cultural and physical disintegration. But Tanja's act of academic rebellion incites the rage of one renegade member of her class—and pulls her dangerously close to another—which, in turn, exacerbates the tensions of a life in exile that has now begun to spiral seriously out of control.

I Will Never See the World Again

Best Book of the Year - Bloomberg News A resilient Turkish writer's inspiring account of his imprisonment that provides crucial insight into political censorship amidst the global rise of authoritarianism. The destiny I put down in my novel has become mine. I am now under arrest like the hero I created years ago. I await the decision that will determine my future, just as he awaited his. I am unaware of my destiny, which has perhaps already been decided, just as he was unaware of his. I suffer the pathetic torment of profound helplessness, just as he did. Like a cursed oracle, I foresaw my future years ago not knowing that it was my own. Confined in a cell four meters long, imprisoned on absurd, Kafkaesque charges, novelist Ahmet Altan is one of many writers persecuted by Recep Tayyip Erdoğan's oppressive

regime. In this extraordinary memoir, written from his prison cell, Altan reflects upon his sentence, on a life whittled down to a courtyard covered by bars, and on the hope and solace a writer's mind can provide, even in the darkest places.

The Ministry of Utmost Happiness

Exclusive Offer - Now Includes 3 Amazing Bonus Titles: 2 More Titles of 100 Most Powerful Prayers. Plus Full Length Title: Conscious Visualization You will not achieve fulfillment and happiness until you allow God to be the architect of your reality. Imagine that with a few moments each day, you could begin the powerful transformation toward complete control of your own life and well being through prayer. You will be able to release all fear and doubt simply because you know that God gives you the strength. You can utilize this simple, proven technique to regain the lost comforts of joy, love, and fulfillment in your life. God's gift of life is too short to be exhausted on thousands of everyday anxieties and fears. Sadly, the average person will get to the end of their life and realize that more than half of it was spent struggling with these kinds of problems. Because they didn't know what to do, many of these people never found any satisfaction in life. You can and will become bigger than those struggles by enhancing the positive energy that God already has flowing within you. You are exactly who you think you are, and it's up to you to create those thoughts and manifest them as God's creation. No more lack of faith, motivation, and feelings of doubt in your life. No person can find happiness

in an environment beyond his or her control. But you can get up, get out, and take control with God. Get what you want and desire from the world like millions of others around the globe using prayer. You are already blessed with the power to assert your own perceptions and transform your thoughts and desires into reality. By using prayer daily, you will unlock that natural potential that God placed inside of you. Prayer starts by creating a cycle of continuous prayers. You must believe and repeat these declarations and prayers each day. If the thoughts and ideas that we affirm are not true in reality, a dynamic tension is created between your perceived reality and your psyche. This presence of dynamic tension causes imbalance between your psyche and perceived reality. Your consciousness will work to get back in tune with the God's vision of the universe to resolve the tension. There are two simple ways to ease this tension. You must work with God's creation in order to make your declarations become true, or you must stop the prayer. As you choose to continue praying, your mind and body will seek to balance this inequality with the universe by transforming your environment to match your declarations of truth. Sooner than later, you will find yourself taking positive and decisive action that you never imagined possible as your perceptions naturally align with your true reality. If you want to see positive change now, you'll find the quickest path to fulfillment with prayer through God's love. There is no time to spend on loss, negativity, and defeat when you can be achieving tangible, historically proven results with minimum time and effort invested. There is no limit to changes that God can make in your life through the power of creating truth with

prayer Read This Book To Change Your Life Today! Also available in ebook Format

The Ministry for the Future

The remarkable transformation of Orwell from journeyman writer to towering icon Is George Orwell the most influential writer who ever lived? Yes, according to John Rodden's provocative book about the transformation of a man into a myth. Rodden does not argue that Orwell was the most distinguished man of letters of the last century, nor even the leading novelist of his generation, let alone the greatest imaginative writer of English prose fiction. Yet his influence since his death at midcentury is incomparable. No other writer has aroused so much controversy or contributed so many incessantly quoted words and phrases to our cultural lexicon, from "Big Brother" and "doublethink" to "thoughtcrime" and "Newspeak." Becoming George Orwell is a pathbreaking tour de force that charts the astonishing passage of a litterateur into a legend. Rodden presents the author of Animal Farm and Nineteen Eighty-Four in a new light, exploring how the man and writer Orwell, born Eric Arthur Blair, came to be overshadowed by the spectral figure associated with nightmare visions of our possible futures. Rodden opens with a discussion of the life and letters, chronicling Orwell's eccentricities and emotional struggles, followed by an assessment of his chief literary achievements. The second half of the book examines the legend and legacy of Orwell, whom Rodden calls "England's Prose Laureate," looking at everything from cyberwarfare

to “fake news.” The closing chapters address both Orwell’s enduring relevance to burning contemporary issues and the multiple ironies of his popular reputation, showing how he and his work have become confused with the very dreads and diseases that he fought against throughout his life.

The Ministry of Ordinary Places

When the Second World War ended in 1945, the Government's propaganda offensive was only just beginning. But now its target was the British people. The Ministry of Spin tells the story of how the post-war Labour government contrived to retain, in secret, much of the wartime Ministry Of Information throughout the whole of their term of office from 1945-1951. How they buried this powerful propaganda role deep in Whitehall. And how they turned these wartime propaganda powers on the British Parliament, media and people in order to push through their political programme. Far from ending the Ministry Of Information, Labour transformed it into a virtual Ministry of Spin - a clandestine propaganda department that grew in size and power throughout the late 1940s until it was larger and even more powerful than the wartime Ministry had been at the peak of its influence.

The Ministry of Spin

- Over 11 million copies sold - #1 New York Times Bestseller for 8 years running - Now celebrating its 25th anniversary Simple ideas, lasting love Falling in love is easy. Staying in love—that's the challenge. How can you keep your relationship fresh and growing amid the demands, conflicts, and just plain boredom of everyday life? The Origins of Totalitarianism

This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it. This work is in the public domain in the United States of America, and possibly other nations. Within the United States, you may freely copy and distribute this work, as no entity (individual or corporate) has a copyright on the body of the work. Scholars believe, and we concur, that this work is important enough to be preserved, reproduced, and made

generally available to the public. To ensure a quality reading experience, this work has been proofread and republished using a format that seamlessly blends the original graphical elements with text in an easy-to-read typeface. We appreciate your support of the preservation process, and thank you for being an important part of keeping this knowledge alive and relevant.

On Nineteen Eighty-Four

'Preparation For Ministry' deals with important issues relating to a call to the Christian ministry, theological training, and entry into pastoral work. The author has written it out of his own rich experience as a student, a pastor, and a seminary teacher. Those contemplating entry into the Christian ministry will benefit greatly from his practical advice on such subjects as coming to faith, the call to the ministry, pre-theological study, and choosing a theological college or seminary. Those already in theological training or who have recently entered into ministry will also find much to help them within these pages on such topics as the theological course, early ministry, and staying fresh. A brief bibliography is provided, and the book also contains useful appendices, including: a guide to preparatory reading a short guide to sermon preparation C. H. Spurgeon's The Minister's Self-Watch B. B. Warfield's The Religious Life of Theological Students

The Ministry of Truth

Becoming George Orwell

A gunshot rings out in a London cafe and the lives of five strangers will never be the same again. The only thing that's certain is that nothing is as it seems.

The Art of Prophecy

Established in 2025, the purpose of the new organisation was simple: To advocate for the world's future generations and to protect all living creatures, present and future. It soon became known as the Ministry for the Future, and this is its story. From legendary science fiction author Kim Stanley Robinson comes a vision of climate change unlike any ever imagined. Told entirely through fictional eye-witness accounts, The Ministry For The Future is a masterpiece of the imagination, the story of how climate change will affect us all over the decades to come. Its setting is not a desolate, post-apocalyptic world, but a future that is almost upon us - and in which we might just overcome the extraordinary challenges we face. It is a novel both immediate and impactful, desperate and hopeful in equal measure, and it is one of the most powerful and original books on climate change ever

written. Also by Kim Stanley Robinson: Red Moon New York 2140 2312 Aurora Shaman

1984. Nineteen Eighty-Four. Animal farm

Born to Be Posthumous

With an introduction by Kamila Shamsie 'Freedom is the freedom to say that two plus two make four. If that is granted, all else follows.' GEORGE ORWELL is one of the world's most famous writers and social commentators. Through his writing he exposed the unjust sufferings of the poor and unemployed, warned against totalitarianism and defended freedom of speech. This selection, from both his novels and non-fiction, charts his prescient and clear-eyed thinking on the subject of FREEDOM. It ranges from pieces on individual liberty, society and technology, to political liberty, revolution and the importance of free speech. Orwell's ambition to create a fairer and more egalitarian society is essential inspiration as we strive for freedom and equality in today's world. 'If liberty means anything at all it means the right to tell people what they do not want to hear.'

The Ministry of Special Cases

A PBS Great American Read Top 100 Pick With extraordinary relevance and renewed popularity, George Orwell's 1984 takes on new life in this edition. "Orwell saw, to his credit, that the act of falsifying reality is only secondarily a way of changing perceptions. It is, above all, a way of asserting power."—The New Yorker In 1984, London is a grim city in the totalitarian state of Oceania where Big Brother is always watching you and the Thought Police can practically read your mind. Winston Smith is a man in grave danger for the simple reason that his memory still functions. Drawn into a forbidden love affair, Winston finds the courage to join a secret revolutionary organization called The Brotherhood, dedicated to the destruction of the Party. Together with his beloved Julia, he hazards his life in a deadly match against the powers that be. Lionel Trilling said of Orwell's masterpiece, "1984 is a profound, terrifying, and wholly fascinating book. It is a fantasy of the political future, and like any such fantasy, serves its author as a magnifying device for an examination of the present." Though the year 1984 now exists in the past, Orwell's novel remains an urgent call for the individual willing to speak truth to power.

The 100 Most Powerful Prayers for Muscle Building

"A companion piece to his Man Booker-longlisted Reservoir 13, McGregor's latest works perfectly well as a standalone, offering an alternately sweet and suspenseful depiction of a community as it reacts, person by person, to the disappearance of a

teenage girl.” —Entertainment Weekly A teenage girl has gone missing. The whole community has been called upon to join the search. And now an interviewer arrives, intent on capturing the community’s unstable stories about life in the weeks and months before Becky Shaw vanished. Each villager has a memory to share or a secret to conceal, a connection to Becky that they are trying to make or break. A young wife pushes against the boundaries of her marriage, and another seeks a means of surviving within hers. A group of teenagers dare one another to jump into a flooded quarry, the weakest swimmer still awaiting his turn. A laborer lies trapped under rocks and dry limestone dust as his fellow workers attempt a risky rescue. And meanwhile a fractured portrait of Becky emerges at the edges of our vision—a girl swimming, climbing, and smearing dirt onto a scared boy’s face, images to be cherished and challenged as the search for her goes on.

The Reservoir Tapes

"Rich and compelling. . .Lynskey’s account of the reach of 1984 is revelatory.”
--George Packer, The Atlantic An authoritative, wide-ranging, and incredibly timely history of 1984--its literary sources, its composition by Orwell, its deep and lasting effect on the Cold War, and its vast influence throughout world culture at every level, from high to pop. 1984 isn't just a novel; it's a key to understanding the modern world. George Orwell's final work is a treasure chest of ideas and memes--Big Brother, the Thought Police, Doublethink, Newspeak, 2+2=5--that gain

potency with every year. Particularly in 2016, when the election of Donald Trump made it a bestseller ("Ministry of Alternative Facts," anyone?). Its influence has morphed endlessly into novels (The Handmaid's Tale), films (Brazil), television shows (V for Vendetta), rock albums (Diamond Dogs), commercials (Apple), even reality TV (Big Brother). The Ministry of Truth is the first book that fully examines the epochal and cultural event that is 1984 in all its aspects: its roots in the utopian and dystopian literature that preceded it; the personal experiences in wartime Great Britain that Orwell drew on as he struggled to finish his masterpiece in his dying days; and the political and cultural phenomena that the novel ignited at once upon publication and that far from subsiding, have only grown over the decades. It explains how fiction history informs fiction and how fiction explains history.

Critical Essays

An outrageous, fantastical, uncategorizable novel of obsession, adventure, and coconuts In 1902, a radical vegetarian and nudist from Nuremberg named August Engelhardt set sail for what was then called the Bismarck Archipelago. His destination: the island Kabakon. His goal: to found a colony based on worship of the sun and coconuts. His malnourished body was found on the beach on Kabakon in 1919; he was forty-three years old. Christian Kracht's Imperium uses the outlandish details of Engelhardt's life to craft a fable about the allure of extremism

and its fundamental foolishness. Engelhardt is at once a sympathetic outsider—mocked, misunderstood, physically assaulted—and a rigid ideologue, and his misguided notions of purity and his spiral into madness presage the horrors of the mid-twentieth century. Playing with the tropes of classic adventure tales like *Treasure Island* and *Robinson Crusoe*, Kracht's novel, an international bestseller, is funny, bizarre, shocking, and poignant—sometimes all on the same page. His allusions are misleading, his historical time lines are twisted, his narrator is unreliable—and the result is a novel that is also a mirror cabinet and a maze pitted with trapdoors. Both a provocative satire and a serious meditation on the fragility and audacity of human activity, *Imperium* is impossible to categorize, and utterly unlike anything you've read before.

Concerning the True Care of Souls

The only mistake George Orwell made in his anti-utopia 1984 was the date. A lot of things that he described as if happening in 1984 can be observed in the nowadays world. However, he depicted the future that everyone should be afraid of at any time. The iconic story *Animal Farm* and the novel 1984 are his brightest works written in the anti-utopian genre that flourished in the 20th century. The pioneer of the anti-utopia is considered to be a Russian writer Yevgeny Zamyatin, whose novel *We* influenced on the Orwell's works and not less famous Aldous Huxley, the author of *Brave New World*. And what is more, it was Orwell, who came up with an

expression the Cold War. Nineteen Eighty-Four Animal farm

The Ministry of Healing

Dorian Lynskey is one of the most prominent music critics writing today. With *33 Revolutions Per Minute*, he offers an engrossing, insightful, and wonderfully researched history of protest music in the twentieth century and beyond. From Billie Holiday and Woodie Guthrie to Bob Dylan and the Clash to Green Day and Rage Against the Machine, *33 Revolutions Per Minute* is a moving and fascinating portrait of a century of popular music that tried to change the world.

The Reformed Pastor

This book has been around a while. Since it was first published, a lot of other books about health have come and gone. Some of them have been bigger than this one, but none of them have ever been better. Perhaps you have noticed the explosion in diet and exercise publications. Today it is obvious that the pursuit of health and fitness is more than just a quick fad. Looking and feeling good isn't optional, for many people these days, it's a high lifestyle priority. "The Ministry of Healing" is a book that crusades for total fitness, not just physical fitness because we are human beings and are more than just bodies. This book speaks to the needs of the whole

person, body, mind and spirit. For a whole lot less than one visit to the Doctor, this classic on health will tell you how to manage stress, get well and prevent disease while feeling vibrantly alive. - The True Medical Missionary. The Work of the Physician. Medical Missionaries and Their Work. The Care of the Sick. Health Principles. The Home .The Essential Knowledge. The Worker's Need. Scripture Index. General Index

Preparation for Ministry

1984

This book of photographs brings you North Korea as chillingly envisioned by dictator Kim Jong-Il.

The Christian ministry

From the author of the definitive biography of George Orwell, a captivating account of the origin and enduring power of his landmark dystopian novel Since its publication nearly 70 years ago, George Orwell's 1984 has been regarded as one of the most influential novels of the modern age. Politicians have testified to its

influence on their intellectual identities, rock musicians have made records about it, TV viewers watch a reality show named for it, and a White House spokesperson tells of “alternative facts.” The world we live in is often described as an Orwellian one, awash in inescapable surveillance and invasions of privacy. On 1984 dives deep into Orwell’s life to chart his earlier writings and key moments in his youth, such as his years at a boarding school, whose strict and charismatic headmaster shaped the idea of Big Brother. Taylor tells the story of the writing of the book, taking readers to the Scottish island of Jura, where Orwell, newly famous thanks to Animal Farm but coping with personal tragedy and rapidly declining health, struggled to finish 1984. Published during the cold war—a term Orwell coined—Taylor elucidates the environmental influences on the book. Then he examines 1984’s post-publication life, including its role as a tool to understand our language, politics, and government. In a current climate where truth, surveillance, censorship, and critical thinking are contentious, Orwell’s work is necessary. Written with resonant and reflective analysis, On 1984 is both brilliant and remarkably timely.

The Ministry of SUITs

Kaddish Poznan chips the names off gravestones for a living, removing traces of disreputable ancestors for their more respectable kin. His wife Lillian works in insurance, earning money when people live longer than they fear. As Argentina's

Dirty War unfolds around them, their sometimes hilarious misadventures are soon replaced by something much darker. A visit to the dreaded Ministry of Special Cases is only the start of Englander's stunning vision of a nation in the hold of corruption and torture, a place where absurdity, despair and hope are the end products of a bureaucracy run out of control.

The Ministry of Pain

One of the most enduringly popular and controversial writers of the twentieth century, George Orwell's work is as relevant today as it was in his own lifetime. Possibly, in the age of Brexit, Trump, and populism, even more so. 'Doublethink' features in Nineteen Eighty-Four and it is the forerunner to 'Fake News'. He foresaw the creation of the EU and more significantly he predicted that post-Imperial xenophobia would cause Britain to leave it. His struggle with his own antisemitism could serve as a lesson to today's Labour Party and while the Soviet Union is gone, China has taken its place as a totalitarian superpower. Aside from his importance as a political theorist and novelist, Orwell's life is fascinating in its own right. Caught between uncertainty and his family's upper middle-class complacency, Orwell grew to despise the class system that spawned him despite finding himself unable to fully detach himself from it. His life thereafter mirrored the history of his country; like many from his background he devoted himself to socialism as a salve to his conscience. In truth he reserved as much suspicion and

distaste for the 'proles' as he did pity. He died at the point when Britain's status as an Imperial and world power had waned but his work remains both prescient and significant. Orwell: A Man of Our Time offers a vivid portrait of the man behind the writings, and places him and his work at the centre of the current political landscape. As one of the most enduringly popular and controversial novelists of the last century, the 70th anniversary of George Orwell's death in 2020 will certainly be marked by conferences, festivals and media events - but more significant than these acts of commemoration is his relevance today.

The Road to Wigan Pier

Why should we have to “Keep Calm and Carry On”? In this brilliant polemical rampage, Owen Hatherley shows how our past is being resold in order to defend the indefensible. From the marketing of a “make do and mend” aesthetic to the growing nostalgia for a utopian past that never existed, a cultural distraction scam prevents people grasping the truth of their condition. The Ministry of Nostalgia explodes the creation of a false history: a rewriting of the austerity of the 1940s and 1950s, which saw the development of a welfare state while the nation crawled out of the devastations of war. This period has been recast to explain and offer consolation for the violence of neoliberalism, an ideology dedicated to the privatisation of our common wealth. In coruscating prose—with subjects ranging from Ken Loach’s documentaries, Turner Prize-shortlisted video art, London

vernacular architecture, and Jamie Oliver's cooking—Hatherley issues a passionate challenge to the injunction to keep calm and carry on. From the Hardcover edition.

Orwell on Truth

The Ministry of Nostalgia

The definitive collection of essays and reportage written during the past thirty years from one of most provocative and widely read writers--with new commentary by the author. For more than thirty years, Martin Amis has turned his keen intellect and unrivaled prose loose on an astonishing range of topics--politics, sports, celebrity, America, and, of course, literature. Now, at last, these incomparable essays have been gathered together. Here is Amis at the 2011 GOP Iowa Caucus, where, squeezed between "windbreakers and woolly hats," he pores over The Ron Paul Family Cookbook and laments the absence of "our Banquo," Herman Cain. He writes about finally confronting the effects of aging on his athletic prowess. He revisits, time and time again, the worlds of Bellow and Nabokov, his "twin peaks," masters who have obsessed and inspired him. Brilliant, incisive, and savagely funny, *The Rub of Time* is a vital addition to any Amis fan's bookshelf, and the perfect primer for readers discovering his fierce and tremendous talents for the

first time.

33 Revolutions per Minute

The Ministry of Fear

The 5 Love Languages

Over the course of his career, George Orwell wrote about many things, but no matter what he wrote the goal was to get at the fundamental truths of the world. He had no place for dissemblers, liars, conmen, or frauds, and he made his feelings well-known. In *Orwell on Truth*, excerpts from across Orwell's career show how his writing and worldview developed over the decades, profoundly shaped by his experiences in the Spanish Civil War, and further by World War II and the rise of totalitarian states. In a world that seems increasingly like one of Orwell's dystopias, a willingness to speak truth to power is more important than ever. With *Orwell on Truth*, readers get a collection of both powerful quotes and the context for them.

Imperium

The Road to Wigan Pier is Orwell's 1937 study of poverty and working-class life in northern England.

Ministry by the Book

Popular blogger Shannan Martin offers Christians who are longing for a more meaningful life a simple starting point: learn what it is to love and be loved right where God has placed you. For Christ-followers living in an increasingly complicated world, it can be easy to feel overwhelmed and unsure of how to live a life of intention and meaning. Where do we even begin? Shannan Martin offers a surprisingly simple answer: uncover the hidden corners of our cities and neighborhoods and invest deeply in the lives of people around us. She walks us through her own discoveries about the vital importance of paying attention, as well as the hard but rewarding truth about showing up and committing for the long haul, despite the inevitable encounters with brokenness and uncertainty. With transparency, humor, heart-tugging storytelling, and more than a little personal confession, Martin shows us that no matter where we live or how much we have, as we learn what it is to be with people as Jesus was, we'll find our very lives. The details will look quiet and ordinary, and the call will both exhaust and exhilarate us. But it will be the most worth-it adventure we will ever take. "This is a message the world needs. So often we overcomplicate 'service' or this elusive call to ministry

when all the while ministry is right in front of us. Shannan reminds us of the simple, yet beautiful call to love our neighbor and what that could really look like today. We are reminded that extravagant love in ordinary moments does indeed lead to an extraordinary life.” --Katie Davis Majors, New York Times bestselling author of Kisses from Katie (I made up this attribution, so you may want to check on that) “This is the book we all need right now. If you’re longing for authentic community but aren’t sure where to begin, Shannan and this beautifully written book are the perfect guide. I truly believe when we stand together we stand a chance. I cheered along with every word.” —Korie Robertson, New York Times bestselling author “These are the days when we could all use a firm but gentle nudge to extend extra kindness to the people around us. Shannan reminds us to pay attention, look outside of ourselves, to lay aside our preconceived judgments, and stay put, bearing with each other, carrying each other’s burdens, and finding Jesus at the center of it all.” —LaTasha Morrison, founder of Be the Bridge “Our nonstop consumer society seduces us into forsaking the ordinary. Even as believers, we are prone to aspire to do sexy ministry that garners headlines and warrants photo ops. But Shannan Martin helps us resist these impulses by calling the body to reclaim the sanctity and significance of ordinary places. Through personal stories, theology, and Scripture, she helps us discern God’s call upon our lives right where we are and illuminates why the most faithful ministry is oftentimes mundane, overlooked, and seemingly unimpressive. This book will help you thrive in your faith in practical and rooted ways!” —Dominique DuBois Gilliard, author of

Rethinking Incarceration: Advocating for Justice That Restores “Sometimes when reading a book, I think ‘I’ll recommend this to that group’ or ‘this one goes go that community,’ but hand to heaven, I would put this book in every single pair of hands across ideology, camps, and tribes. Part storytelling, part prophetic, with dizzyingly wonderful writing, Shannan brings us back to the neighborhood, back to ordinary tables, back to a life we know in our deepest hearts is meant for us. I love her. I love this book.” —Jen Hatmaker, New York Times bestselling author of *7, For the Love*, and *Of Mess and Moxie*
