Toss Out Those Tired Old Excuses  
Once and for All! Within the pages of this transformational book, Dr. Wayne W. Dyer reveals how to change the self-defeating thinking patterns that have prevented you from living at the highest levels of success, happiness, and health. Even though you may know what to think, actually changing those thinking habits that have been with you since childhood might be somewhat challenging. If I changed, it would create family dramas I'm too old or too young I'm far too busy and tired I can't afford the things I truly want It would be very difficult for me to do anything differently and I've always been this way may all seem to be true, but they're in fact just excuses. So the business of modifying habituated thinking patterns really comes down to tossing out the same tired old excuses and examining your beliefs in a new and truthful light. In this groundbreaking work, Wayne presents a compendium of conscious and subconscious crutches employed by virtually everyone, along with ways to cast them aside once and for all. You'll learn to apply specific questions to any excuse, and then proceed through the steps of a new paradigm. The old, habituated ways of thinking will melt away as you experience the absurdity of hanging on to them. You'll ultimately realize that there are no excuses worth defending, ever, even if

they've always been part of your life-and the joy of releasing them will resonate throughout your very being. When you eliminate the need to explain your shortcomings or failures, you'll awaken to the life of your dreams. Excuses Begone!

This collection of his works on *Wealth and Spirituality* is a must read for anyone who wants to find that power. **BELIEVE IN YOURSELF** In *Believe in Yourself*, Murphy shows how you can use the power of believing in yourself to achieve your dreams. The human mind connects the word prosper with money, but we do not get more money until we prosper inwardly by increasing our knowledge of God, the way he works, and by deepening our ability to express ourselves. **MEDITATIONS & AFFIRMATION** You have the incredible potential to be, do, and receive whatever you desire, imagine, and truly believe. Unfortunately, only a small number of people achieve their full human potential, because they fail to recognize and harness the infinite power of the subconscious mind—the divinity within them and around them. ## How to Attract Money

Many people have been trying to explain the power of the subconscious mind through books and seminars for more than a century. Different writers approached this subject at different angles and most of them did not achieve their expected results as most readers did not really understand the concept or were not really convinced with what they have read. This book comes with a unique intention of helping you to achieve anything you really want and equally important, getting rid of anything you do not want. This is done by optimizing your subconscious mind power through The Mindynamics System. During those years of application and practice, I have managed to find out more about the subconscious mind: what works and what doesn't; and why. I have also created The Mindynamics System that explains clearly why and how the subconscious mind works. The theories and techniques I have covered in this book do aligned with what "The Secret" and "The Law of Attraction" teach. There may be some differences in techniques and perspectives; but the principles are the same. I have found the codeword for motivation and I am now sharing with you. With the new challenges in the 21st century, I believe the codeword for motivation — The Subconscious Mind will be the deciding factor for success as the subconscious mind does magic and create miracles. With this book, I will show you the techniques to unleash the power of your subconscious mind through The Mindynamics System. You will be able to BE YOUR BEST and achieve your goals. Be pleasantly rewarded, as the results you attain are fast, efficient and permanent.

a plummeting stock or end a doomed relationship? Why do we listen to advice just because it came from someone “important”? Why are we more likely to fall in love when there’s danger involved? In *Sway*, renowned organizational thinker Ori Brafman and his brother, psychologist Rom Brafman, answer all these questions and more. Drawing on cutting-edge research from the fields of social psychology, behavioral economics, and organizational behavior, *Sway* reveals dynamic forces that influence every aspect of our personal and business lives, including loss aversion (our tendency to go to great lengths to avoid perceived losses), the diagnosis bias (our inability to reevaluate our initial diagnosis of a person or situation), and the “chameleon effect” (our tendency to take on characteristics that have been arbitrarily assigned to us). *Sway* introduces us to the Harvard Business School professor who got his students to pay \$204 for a \$20 bill, the head of airline safety whose disregard for his years of training led to the transformation of an entire industry, and the football coach who turned conventional strategy on its head to lead his team to victory. We also learn the curse of the NBA draft, discover why interviews are a terrible way to gauge future job performance, and go inside a session with the Supreme Court to see how the world’s most powerful justices avoid the dangers of group dynamics. Every once in a while, a book comes along that not only challenges our views of the world but changes the way we think. In *Sway*, Ori and Rom Brafman not only uncover rational explanations for a wide variety of irrational behaviors but also point readers toward ways to avoid succumbing to their pull.

Unsatisfying careers. Volatile, unhealthy relationships. Unfulfilled dreams. Too many of us are living lives that fall short of what we truly desire. But as celebrity hypnotist Kimberly Friedmutter explains in this life-changing book, not only is it possible to design the life of your dreams, but the power to do so already lies within you, in your subconscious mind. The subconscious is the root of your true power and desire; it's your inner child, your authentic self. It is the honest compass that will lead you to a life of happiness, so long as you are able to follow its direction. We all have the power to access it but as we grow up we're taught to stop daydreaming and to follow society's rules, which makes us disconnect from our subconscious, often with tragic results. In *Subconscious Power*, Kimberly guides you through six principles that bring your conscious mind in line with your subconscious desires. She shares practical, three-minute exercises that will help you transform your relationships, find true love, lose weight after years of struggling with the scale, overcome addictions, and achieve new career successes and heights.
