During the last year of the Great Tribulation, safe houses are no longer safe and the world has become a powder keg of danger. Except for those already in Petra, everyone has been forced to relocate as the Antichrist ratchets up the pressure in the world's most treacherous game. As the Trib Force waits for the coming of Christ, Chloe Williams is drawn out of the safe house to investigate something suspicious. Buck and TSION travel to Jerusalem while Nicolae Carpathia orders an attack on the city, and Rayford becomes seriously injured outside Petra. Who will survive Armageddon? A repackage of the eleventh book in the New York Times best-selling Left Behind series.

The Indwelling

In this book the Italian philosopher Giorgio Agamben looks closely at the literature of the survivors of Auschwitz, probing the philosophical and ethical questions raised by their testimony. "In its form, this book is a kind of perpetual commentary on testimony. It did not seem possible to proceed otherwise. At a certain point, it became clear that testimony contained at its core an essential lacuna; in other words, the survivors bore witness to something it is impossible to bear witness to. As a consequence, commenting on survivors' testimony necessarily meant interrogating this lacuna or, more precisely, attempting to listen to it. Listening to something absent did not prove fruitless work for this author. Above all, it made it necessary to clear away almost all the doctrines that, since Auschwitz, have been advanced in the name of ethics." --Giorgio Agamben

Nicolae

Seventy years on from the partition of India, a momentous event now recedes in memory. Despite being born into a family affected by the great divide, artist and oral historian Aanchal Malhotra had thought little about it until she encountered the objects her own great-grandparents had saved as they fled their homes: jewelry, kitchen utensils, photographs, and a pocketknife. Remnants of Partition is a unique revisiting of Partition through dozens of personal belongings carried between the new India and Pakistan, amid the chaos of communal killings and mass displacement. Hidden in these objects is the memory of a time and place, a story of migration, and a life that once was. Malhotra unearths possessions from both sides of the border, interviewing their owners and uncovering a rich tapestry of struggle, sacrifice, pain, and identities forged and unforge. From a string of pearls gifted by a maharaja to a young woman's poetry notebook, this is an extraordinary alternative history of Partition, both powerful and poignant. Aanchal Malhotra takes the material legacy of a unique human drama, and places it back in our hands as vivid, living memory.

The Regime

The Mark

An evil world leader proclaims himself the Antichrist, drawing up plans to mark all human beings, but the members of the Tribulation Force are determined to stop him.

Sustainable Regeneration of Former Military Sites

Beginning with the destruction of Jerusalem and continuing through the persecutions of Christians in the Roman Empire, the apostasy of the Dark Ages, the shining light of the Reformation, and the worldwide religious awakening of the nineteenth century, this volume traces the conflict into the future, to the Second Coming of Jesus and the glories of the earth made new. In this concluding volume, the author powerfully points out the principles involved in the impending conflict and how each person can stand firmly for God and His truth.

Toward a Theology of the Remnant

Contains "The Remnant," "Armageddon," and "Glorious Appearing"

Remnants of Partition

The second prequel traces the rise of the Antichrist and the journey of the main characters--including Rayford, Chloe, and Buck--toward the Rapture where the seven-year Tribulation awaits them.

The Remnant

Sustainable Regeneration of Former Military Sites is the first book to analyze a profound land use change happening all over the world: the search for sustainable futures for property formerly dedicated to national defense now becoming redundant, disposed of and redeveloped. The new military necessity for rapid flexible response requires quite different physical resources from the massive fixed positions of the Cold War, with huge tracts of land and buildings looking for new uses. The transition from military to civilian life for these complex, contaminated, isolated, heritage laden and often contested sites in locations ranging from urban to remote is far from easy. There is very little systematic analysis of what follows base closures, leaving communities, governments, developers, and planners experimenting with untested land use configurations, partnership structures, and financing strategies. With twelve

case studies drawn from different countries, many written by those involved, Sustainable Regeneration of Former Military Sites enables the diverse stakeholders in these projects to discover unique opportunities for reuse and learn from others' experiences of successful regeneration.

Singularity Sky

World's End

Lionel rushes to Chicago to try to save his Uncle Andre.

The Great Controversy

Remnants of Auschwitz

"Following the end of World War II in Asia, the Allied powers repatriated over six million Japanese nationals from colonies and battlefields throughout Asia and deported more than a million colonial subjects from Japan to their countries of origin. Depicted at the time as a postwar measure related to the demobilization of defeated Japanese soldiers, this population transfer was a central element in the human dismantling of the Japanese empire that resonates with other post-colonial and post-imperial migrations in the twentieth century. Lori Watt analyzes how the human remnants of empire, those who were moved and those who were left behind, served as sites of negotiation in the process of the jettisoning of the colonial project and in the creation of new national identities in Japan. Through an exploration of the creation and uses of the figure of the repatriate, in political, social, and cultural realms, this study addresses the question of what happens when empire comes home."
