True Mystic Science

Harvard University rowing coach and long-time luminary in crew, Dan Boyne tells a tale in The Seven Seat of redemption and revenge against a rival who had bullied him throughout high school. After high school, both took up rowing at separate colleges, only to discover their colleges were arch-rivals in crew. In their forthcoming regatta, would Dan finally get his revenge, or would he once again be shorn of his pride?

Harry Parker was probably the most important figure in American rowing of the past century. His heavyweight crews at Harvard topped the leagues more consistently than any other team (they won the Eastern Sprints regatta, against most of the top college crews, more than three times as often as their nearest rival). From the time they miraculously won the 1963 Harvard-Yale Race at the end of his first year at the helm, his varsity didn't lose a race for six years, and they didn't lose to Yale until the Reagan administration. He was the first US National Team coach, and oversaw five Olympic teams. He coached the sons of his great oarsmen from the 60's and 70's, and at age 70 was still putting the sons to shame on a bicycle, or running the steps of the Harvard Stadium. He was respected by all, revered and adored by his rowers, and yet no one seemed to know him. The persistent myth was that he hardly said a word, and that his powerful mystique alone made his oarsmen great and their boats go fast. Though a fundamentally compelling figure, Parker's famous reticence means that few managed to spend much time close to him. Since he made no attempt to explain himself, legends abound: he never got older; he could control the weather; he could walk on water. *The Sphinx of the Charles: A Year at Harvard with Harry Parker* takes the reader not only

inside the Harvard boathouse, but into the coaching launch with Parker. We see how he coached—how many words he actually uttered—as he guided his team through a year of training, and hear about his life in the sport. We see a paradox: Parker remained remarkably constant over the last forty-five years, yet he constantly evolved, changed his style, and used every means at his disposal to build champion crews. The Sphinx of the Charles goes inside the rowing world in a way hasn't been done before, putting the reader in the passenger seat next to one of the most successful coaches of all time. Parker is a historical icon, part of a tradition that goes back to the beginning of intercollegiate athletics in America. His story needs to be told. The Sphinx of the Charles is fundamentally a chronicle of a year with the Harvard team and a profile of Harry Parker as he was, five years before his death: comfortable in his position as elder and master of the sport, reflective but not nostalgic, aged but nearly impervious to aging. It is driven by Ayer's own observations of Parker from his seven years of coaching and training at the Harvard boathouse, but especially from one academic year, 2008-9. he shadowed him for a few days every week from September to June, observing practices both on and off the water, and interacting with the team. The present tense of the narrative reflects this immediacy, but also the sense that Parker has endured and continues to endure. And though The Sphinx of the Charles is not a biography in the usual sense, Parker's life and career were rich and extraordinary and they must be explored.

Is it morally permissible to plunder a drunken player at the poker table? In a game of bluffing, are all deceptions acceptable? Is it wrong to play against a pathological gambler? Are there any real right and wrongs within poker other than violations of the rules? The first of its kind, this book explores the moral dimensions of playing poker for money in a detailed discussion of applied ethics. Topics include the moral standing of bluffing, collusion versus “ soft play, ” the problem of players staked by backers, and “ Why Kant Kan ’ t Play Poker. ”

In 1975, a group of amazing women rowed their way to international success and glory, battling sexual prejudice, bureaucracy, and male domination in one of the most grueling and competitive sports around. Among the members of the first international women ' s crew team--and one of the first women ' s teams anywhere--were Gail Pearson, the soft-spoken MIT professor who fought equally hard off the water to win the political battles necessary for her team to succeed; lead rower Carie Graves, a statuesque bohemian from rural Wisconsin who dropped out of college and later became the most intense rower of the crew; and Lynn Stillman, a tiny sixteen-year-old coxswain from California. On hand to guide them was Harry Parker, the legendary Harvard men ' s crew coach who overcame his doubts about the ability of women to withstand the rigors of hard training. From their first dramatic bid at the 1975 World Championships to their preparations for their first Olympic Games in 1976, this gripping story of bravery, determination, and indomitable spirit captures a compelling moment in the history of sports and of America.

The True Adventures of the Rolling Stones

"Stanley Booth's book is the only one I can read and say, 'Yeah, that's how it was.'" —Keith Richards Stanley Booth, a member of the Rolling Stones' inner circle, met the band just a few months before Brian Jones drowned in a swimming pool in 1968. all night together listening to blues, talking about music, ingesting drugs, and consorting with groupies. His thrilling account culminates with their final concert at Altamont Speedway—a nightmare of beating, stabbing, and killing that would signal the end of a generation's dreams of peace and freedom. But while this book renders in fine detail the entire history of the Stones, paying special attention to the tragedy of Brian Jones, it is about much more than a writer and a rock band. It has been called—by Harold Brodkey and Robert Stone, among others—the best book ever written about the sixties. In Booth's afterword, he explains why it took him 15 years to write the book, relating an astonishing story of drugs, jails, and disasters. Stanley Booth is the author of *Rythm Oil: A Journey Through the Music of the American South* and *Keith: Till I Roll Over Dead*. He has written for *Rolling Stone*, *Esquire*, and *Playboy*. He lives in Brunswick, Georgia.

Now a documentary narrated by Common, produced by Grant Hill, Dwyane Wade, and 9th Wonder, from filmmaker Mary Mazzio The moving true story of a group of young men growing up on Chicago's West side who form the first all-black high school rowing team in the nation, and in doing so not only transform a sport, but their lives. Growing up on Chicago ' s Westside in the 90 ' s, Arshay Cooper knows the harder side of life. The street corners are full of gangs, the hallways of his apartment complex are haunted by drug addicts he calls “ zombies ” with strung out arms, clutching at him as he passes by. His mother is a recovering addict, and his three siblings all sleep in a one room apartment, a small infantry against the war zone on the street below. Arshay keeps to himself, preferring to write poetry about the girl he has a crush on, and spends his school days in the home-ec kitchen dreaming of becoming a chef. And then one day as he ' s walking out of school he notices a boat in the school lunchroom, and a poster that reads “ Join the Crew Team ” . Having no idea what the sport of crew is, Arshay decides to take a chance. This decision to join is one that will forever change his life, and those of his fellow teammates. As Arshay and his teammates begin to come together to learn how to row--many never having been in water before--the sport takes them from the mean streets of Chicago, to the hallowed halls of the Ivy League. But Arshay and his teammates face adversity at every turn, from racism, gang violence, and a sport that has never seen anyone like them before. A Most Beautiful Thing is the inspiring true story about the most unlikely band of brothers that form a family, and forever change a sport and their lives for the better.
