The Princess Knight

"On July 20th, 1969, over half of the world's population tuned in to witness the first lunar landing, waiting with bated breath as Neil Armstrong ventured outside the cabin door of Apollo 11 and declared "that's one small step for [a] man, one giant leap for mankind." As the most expensive civilian scientific and technological program in American history, Project Apollo symbolized the unmatched prestige of American space exploration. Yet despite appearances, the project was never just about winning the Space Race, advancing scientific progress, or even conquering the final frontier. Instead, the ambitions of Project Apollo would ultimately reveal that the American government was more interested in establishing its superiority much closer to home. In Operation Moonglow, Smithsonian curator Teasel Muir-Harmony explores how and why the moon landing became one of the most decisive geopolitical events of the 20th century. In the wake of the Soviet Union's pioneering launch of Sputnik in 1957 and a humiliating defeat at the Bay of Pigs four years later, President John F. Kennedy approached a budget-wary Congress with Project Apollo, an unconventional proposal that had the potential to restore America's tarnished geopolitical standing. With Cold War tensions between the Soviet Union and the United States approaching an all-time high, Kennedy argued that ramping up the space program would inspire global confidence in American excellence -- and might even persuade people in developing countries to pick American "freedom" over Soviet "tyranny." Following the successful return of Apollo 11, its illustrious crew embarked on a diplomatic tour around the world, celebrating the mission as an accomplishment for all of humanity. Meanwhile, the accompanying American officials used the trip as an opportunity to conduct secret meetings with influential heads of state, leveraging the space program's global popularity to advance American values and interests. More than just a history of spaceships, astronauts, and moon rocks, Operation Moonglow is a history of geopolitical maneuvering, of propaganda

and public diplomacy, and -- above all -- of the intricate relationship between scientific innovation and national identity. Featuring first-hand accounts by Apollo astronauts, original interviews with USIA and NASA staff, and never-before-seen archival materials, Operation Moonglow is the definitive account of the Apollo mission -- and a fascinating look at how the Space Race shaped the contours of globalization and global interdependence"--

The Price of Royalty

After breaking from life with the Pack, mercenary Kate Daniels and her mate - former Beast Lord Curran Lennart - are adjusting to a very different pace. While they're thrilled to escape all the infighting, Curran misses the constant challenges of leading the shapeshifters. So when the Pack offers him its stake in the Mercenary Guild, Curran seizes the opportunity - too bad the Guild wants nothing to do with him and Kate.

The Particulars of Peter

A sensational YA science fiction debut from an exciting new British author! Just because she's confined to the planet, doesn't mean she can't reach for the stars. 2788. Only the handicapped live on Earth. Eighteen-year-old Jarra is among the one in a thousand people born with an immune system that cannot survive on other planets. Sent to Earth at birth to save her life, she has been abandoned by her parents. She can't travel to other worlds, but she can watch their vids, and she knows all the jokes they make. She's an "ape," a "throwback," but this is one ape girl who won't give in. Jarra makes up a fake military background for herself and joins a class of norms who are on Earth for a year of practical history studies excavating the dangerous ruins of the old cities. She wants to see their faces when they find out they've been fooled into thinking an ape girl was a norm. She isn't expecting to make friends with the enemy, to risk her life to save norms, or to fall in love. From the Hardcover edition.

Kingdom of Shadow and Light

Aileen has always been certain of a few undeniable facts-black raspberry is the only ice cream flavor that matters, vampires can't be trusted, and her loyalty, once given, is unquestionable. When a late-night visitor shows up needing her help, she agrees without hesitation. It's not long before a pounding at her door reminds her that nothing is ever as straightforward as it seems. Now, with her friend

missing, Aileen realizes her simple favor leads to consequences she cannot avoid as she finds herself drawn further into a world she's done everything to escape. As loyalties are tested, Aileen will need to decide how far she will go in the name of friendship. Because bodies are dropping and the trail leads right back to one she holds dear. Will she stand fast in her beliefs or will she be forced to betray another? One thing is clear-her choice may lead to her salvation or her doom.

Blood Trouble

Primal Nature

A "master class in storytelling and survival." –Publisher's Weekly (starred review) Welcome to The Slaughtered Lamb Bookstore and Bar. I'm Sam Quinn, the werewolf book nerd in charge. I run my business by one simple rule: Everyone needs a good book and a stiff drink, be they vampire, wicche, demon, or fae. No wolves, though. Ever. I have my reasons. I serve the supernatural community of San Francisco. We've been having some problems lately. Okay, I'm the one with the problems. The broken body of a female werewolf washed up on my doorstep. What makes sweat pool at the base of my spine, though, is realizing the scars she bears are identical to the ones I conceal. After hiding for years, I've been found. A protection I've been relying on is gone. While my wolf traits are strengthening steadily, the loss also left my mind vulnerable to attack. Someone is ensnaring me in horrifying visions intended to kill. Clive, the sexy vampire Master of the City, has figured out how to pull me out, designating himself my personal bodyguard. He's grumpy about it, but that kiss is telling a different story. A change is taking place. It has to. The bookish bartender must become the fledgling badass. I'm a survivor. I'll fight fang and claw to protect myself and the ones I love. And let's face it, they have it coming. *** The reviews are in: "Kelly (Welcome Home, Katie Gallagher) introduces fierce, lovable heroine Sam Quinn with this master class in storytelling and survival. Seven years ago, Sam was attacked, raped, and forcibly turned into a werewolf, putting an end to her life as she knew it. She's since made a home for herself in San Francisco, opening a combination bookstore/bar catering exclusively to the supernatural community. A loner by nature and still contending with her trauma, she's content to lie low without a wolf pack of her own. But when dead bodies begin piling up across the city and Sam receives a threat from an unknown source, she finds herself surrounded by a phalanx of friends she never realized she had. Among them is Clive, the leader of the city's vampire community, whose good looks attract Sam "like a zombie to brains." Kelly pulls off an impressive feat, weaving the sensitively handled story of Sam's

emotional recovery through a rollicking adventure. The unique setting and endearingly quirky side characters only add to the charm. Readers will delight in both the humor and the heartache of this powerful urban fantasy, and they'll be eager to see where Sam goes next." (Publisher's Weekly (starred review)) "This action-packed paranormal series launch will appeal to readers who enjoy a plot-driven, female-centric journey of growth with a side of romance. Great for fans of Patricia Briggs's Alpha and Omega series." (Book Life (Editor's pick))

Broken Wings

"Has all the lush world-building and intoxicating magic of the Harry Potter universe" – Entertainment Weekly "Lush and sweeping swords-and-sorcery romance" – The New York Times Assassin's Creed meets Fantastic Beasts and Where to Find Them in this gripping, epic fantasy romance trilogy. My heart wasn't part of the deal when I bargained for my life, But assassins so rarely keep their word. Exiled Charmer Leena Edenfrell is running out of time. Empty pockets forced her to sell her beloved magical beasts—an offense punishable by death—and now there's a price on her head. With the realm's most talented murderer-for-hire nipping at her heels, Leena makes Noc an offer he can't refuse: powerful mythical creatures in exchange for her life. Plagued by a curse that kills everyone he loves, Noc agrees to Leena's terms in hopes of finding a cure. Never mind that the dark magic binding the assassin's oath will eventually force him to choose between Leena's continued survival and his own. The Beast Charmer Series: Kingdom of Exiles The Frozen Prince (coming early 2020) The Shattered Crown (coming late 2020)

Empress Game

In New York Times bestselling author G.A. Aiken's gripping new fantasy romance series, the Blacksmith Queen must confront armies and pretenders desperate to take her new-won crown. But with the Princess Knight at her side and a centaur warrior clan at her back, she'll risk everything for victory . . . LONG LIVE THE QUEEN Gemma Smythe dedicated her life to the glory of battle. With her fellow War Monks, she worshipped the war gods, rained destruction on her enemies, and raised the dead when the fancy took her. Until her sister Keeley became the prophesied Blacksmith Queen, and Gemma broke faith with her order to journey to the Amichai Mountain and fight by Keeley's side. The Amichai warriors are an unruly, never-to-be-tamed lot, especially their leader-in-waiting, Quinn. But when the War Monks declare support for Gemma's ruthless youngest sister Beatrix, the immaturity of her key ally is the least of Gemma's problems. She has to get to the grand masters, dispel their grudge against her, and persuade them to

fight for Keeley and justice. If her conviction can't sway them, perhaps Quinn's irritating, irreverent, clearly unhinged, ferocity will win the day . . . Praise for The Blacksmith Queen "It may be laugh-out-loud funny, but at its heart this is a story of a woman who cares deeply for both the family she has and the one she creates." --Bookpage "Tilting more toward fantasy, this paranormal romance will be a hit with fans of both genres who enjoy tales that are lighthearted and humorous." --Booklist

Starbreaker

An aesthetic, historical, and theoretical study of four scores, Russian Opera and the Symbolist Movement is a groundbreaking and imaginative treatment of the important yet neglected topic of Russian opera in the Silver Age. Spanning the gap between the supernatural Russian music of the nineteenth century and the compositions of Prokofiev and Stravinsky, this exceptionally insightful and well-researched book explores how Russian symbolist poets interpreted opera and prompted operatic innovation. Simon Morrison shows how these works, though stylistically and technically different, reveal the extent to which the operatic representation of the miraculous can be translated into its enactment. Morrison treats these largely unstudied pieces by canonical composers: Tchaikovsky's Queen of Spades, Rimsky-Korsakov's Legend of the Invisible City of Kitezh and the Maiden Fevroniya, Scriabin's unfinished Mysterium, and Prokofiev's Fiery Angel. The chapters, revisionist studies of these composers and scores, address separate aspects of Symbolist poetics, discussing such topics as literary and musical decadence, pagan-Christian syncretism, theurgy, and life creation, or the portrayal of art in life. The appendix offers the first complete English-language translation of Scriabin's libretto for the Preparatory Act. Providing valuable insight into both the Symbolist enterprise and Russian musicology, this book casts new light on opera's evolving, ambiguous place in fin de siècle culture.

Age of Deception

'Power, grace, deadliness defined. Always cunning, endlessly victorious...' One seat on the intergalactic Sakien Empire's supreme ruling body, the Council of Seven, remains unfilled: that of the Empress Apparent. The seat isn't won by votes or marriage. It's won in a tournament of ritualized combat. Now the tournament, the Empress Game, has been called and the women of the empire will stop at nothing to secure political domination for their homeworlds. Kayla Reunimon, a supreme fighter, is called by a mysterious stranger to battle it out in the arena. The battle for political power isn't contained by the tournament's ring, however. The empire's elite gather to forge, strengthen or betray alliances in a

dance that will determine the fate of the empire for a generation. With the empire wracked by a rising nanovirus plague and stretched thin by an ill-advised planet-wide occupation of Ordoch in enemy territory, everything rests on the woman who rises to the top.

Dawn's Envoy

"Raw. Smart. Quick-witted. Mouthwatering. Just a few adjectives that describe this exquisite tale. Do not let this unforgettable story, or its incredible cast of characters, slip by you." -DARYNDA JONES, New York Times bestselling author A rip-roarin' new snarky, sexy sci-fi paranormal romance series with the perfect balance of humor, heat, and heart. As their explosive chemistry heats up, it's the perfect storm More praise: "Wanted and Wired delivers a high-octane adventure with riveting twists and turns, fresh yet gritty characters, and miles of sci-fi sizzle. I loved it!"-Amanda Bouchet, award-winning author of A Promise of Fire

Polaris Rising

Immortality comes at a high price. Her sanity Know simply as subject 336, she was the unwilling subject of sinister and brutal experiments designed to replicate her enormous strength, healing powers, and apparent immortality. It didn't work that way. They unleashed her primal nature. Now they're dead and she's lost. From the sweltering heat of the Mexican desert, her journey leads her to the tropical jungle of the Columbian Amazon. Against the backdrop of the 3rd World War, she fights her own grueling battle to come to terms with what she is: a killer, a monster, or maybe worse.

Rules of Redemption

"Polaris Rising is space opera at its best, intense and addictive, a story of honor, courage, betrayal, and love. Jessie Mihalik is an author to watch."--Ilona Andrews, #1 New York Times bestselling author A space princess on the run and a notorious outlaw soldier become unlikely allies in this imaginative, sexy space opera adventure—the first in an exciting science fiction trilogy. In the far distant future, the universe is officially ruled by the Royal Consortium, but the High Councillors, the heads of the three High Houses, wield the true power. As the fifth of six children, Ada von Hasenberg has no authority; her only value to her High House is as a pawn in a political marriage. When her father arranges for her to wed a noble from House Rockhurst, a man she neither wants nor loves, Ada seizes control of her own destiny. The spirited princess flees before the betrothal ceremony and disappears among the stars. Ada eluded her father's forces for two years, but now her luck has run out. To ensure she cannot escape again, the fiery princess is thrown into a prison cell with Marcus Loch. Known as the Devil of Fornax Zero, Loch is rumored to have killed his entire chain of command during the Fornax Rebellion, and the Consortium wants his head. When the ship returning them to Earth is attacked by a battle cruiser from rival House Rockhurst, Ada realizes that if her jilted fiancé captures her, she'll become a political prisoner and a liability to her House. Her only hope is to strike a deal with the dangerous fugitive: a fortune if he helps her escape. But when you make a deal with an irresistibly attractive Devil, you may lose more than you bargained for . . .

Kingdom of Exiles

Queen Samara Rani knows she's likely walking into a trap, but agreeing to meet with Commander Adams is the fastest way to get within striking distance of the Quint Confederacy's biggest traitor and her sworn enemy. Adams attacked her home and destroyed her ship, and if he's not stopped, he will ruin the tentative peace between the Kos Empire and the Quint Confederacy—and Samara's chance at future with Emperor Valentin Kos. Samara is determined to serve up some well-deserved payback, but she is no longer a lone assassin, and despite her protests, her friends and allies refuse to let her undertake such a perilous mission without them. Even Valentin, usually the voice of reason, refuses to stay behind. Samara is loath to put her friends in danger, and taking a team carries its own risks, so she makes plans to keep them safe, no matter what the cost. When Adams threatens that safety, and everything she holds dear, Samara vows to show him exactly how she earned her deadly reputation—and why one should never cross the Rogue Queen.

"I'm a spider, sugar. My shaper kind doesn't bear that name for nothing." That's not something Alexis Harper dares to say very often. If she did, it might just get her killed. Not that she is an easy mark, but even fools get lucky once in a while. In a world where the magically gifted trueborn rule and the magicless halfborn slog away in the slums, half-blood mongrels like Alex are outcasts--feared and shunned. For most of her life, she has lurked in the shadows, trying to keep her true nature a secret. But the secrecy ends abruptly when she saves two trueborn aristo children from a group of hired killers. Accused of a crime she didn't commit, Alex suddenly finds herself running from powerful enemies, with no one around to trust. Or what about the mysterious stranger who has been following her? He is one of Death's Servants, born and bred to kill at the country's command. Not the most preferable ally, but then, her choices are limited. Soon she has to decide whether she can trust him or not--it's a gamble she might not survive either way. And before Alex knows what is happening, her life is hanging by a silken thread

Missing Wings

Lucia It all started with a contract signed by him, then by me, while our families watched. While my father sat silent, a man defeated, giving his daughter to the Benedetti monsters. I obeyed. I played my part. I signed my name and gave away my life. I became their living, breathing trophy, a constant symbol of their power over us. That was five years ago. Then came the time for him to claim me. For Salvatore Benedetti to own me. I had vowed vengeance. I had learned hate. And yet, nothing could have prepared me for the man who now ruled my life. I expected a monster, one I would destroy. But nothing is ever black or white. No one is either good or evil. For all his darkness, I saw his light. For all his evil, I saw his good. As much as he made me hate him, a passion hotter than the fires of hell burned inside me. I was his, and he was mine. My very own monster. Salvatore I owned the DeMarco Mafia Princess. She belonged to me now. We had won, and they had lost. And what better way to teach a lesson than to take

from them that which is most precious? Most beloved? I was the boy who would be king. Next in line to rule the Benedetti Family. Lucia DeMarco was the spoils of war. Mine to do with as I pleased. It was my duty to break her. To make her life a living hell. My soul was dark, I was hell bound. And there was no way out, not for either of us. Because the Benedetti family never lost, and in our wake, we left destruction. It's how it had always been. How I believed it would always be. Until Lucia.

Moonlight's Ambassador

Born with an ability the Veilede people of Madar believe make her, 'one of the first to be blessed by God', Katrina's destiny unravels when her father is poisoned and her mother steals her into the human world to hide among those who hate her kind. In a near fatal attempt to return home, Katrina's stripped of her wings. The poison meant to kill her father leaves him in a degenerative state. When her eldest brother discovers she has survived, he orders her to stay in hiding. She must wait, concealed in the human world, until the danger of their father's uncontrolled rages is contained. Grown and adapted to the human world, Katrina encounters one of her kind. The promise of home and first love leads her into a situation capable of starting war among the Veilede. Will a human upbringing, mistakes, and the loss of her abilities bar her from reclaiming her heritage? Will unraveling the mystery of her mother's betrayal lead her family into even greater danger?

Wayfarer's Keep

At the Emperor's command Multiple races carefully navigate the City of Elantra under the Dragon Emperor's wing. His Imperial Wolves are executioners, the smallest group to serve in the Halls of Law. The populace calls them assassins. Every wolf candidate must consent to a full examination by the Tha'alani, one of the most feared and distrusted races in Elantra for their ability to read minds. Most candidates don't finish their job interviews. Severn Handred, the newest potential recruit, is determined to face and pass this final test—even if by doing so he's exposing secrets he has never shared. When an interrogation uncovers the connections to a two-decade-old series of murders of the Tha'alani, the Wolves are commanded to hunt. Severn's first job will be joining the chase. From the High Halls to the Tha'alani quarter, from the Oracles to the Emperor, secrets are uncovered, tensions are raised and justice just might be done...if Severn can survive. The Trateri are about to learn a vital lesson of the Broken Lands. Deep in the remote expanse where anything can happen, it pays to be on a pathfinder's good side. Nobody ventures beyond their village walls. Nobody sane that is. Monstrous creatures and deadly mysteries wait out there. Lucky for the people she serves, Shea's not exactly sane. As a pathfinder, it's her job to face what others fear and protect her charges from the dangers that await in the Broken Lands. It's not an easy job, but she's the best at what she does. When the people she serves betray her, Shea must rely on her wits and skill to survive the Trateri, a barbarian horde sweeping in to conquer the Lowlands, and their warlord, a man as dangerous as he is compelling. Her actions and the decisions she makes might mean the difference between life or death. Danger looms on the horizon and a partnership with the Warlord may be the only thing preventing the destruction of everything she holds dear.

The Emperor's Wolves

War hero and daughter to two Houses, Kira is just beginning to learn how deep the rabbit hole goes. Agreeing to accompany her father's people back to their homeworld, Kira Forrest prepares for the fight of her life. She's agreed to undertake the Trial of the Broken, a rite of passage every member of her father's House must pass. It offers a path to independence and freedom that is too tempting to deny. Not everyone welcomes this lost daughter of Roake. There are those who fear what her presence might bring to light. Betrayal stalks the halls of Kira's birthplace—its roots embedded deep in the events that claimed her parent's lives and set her on her current path. Walking the wire's edge between truth and deception will test the person Kira has become as she separates ally from betrayer. An old enemy has put into motion a plan that could topple the balance of power in the universe. Letting them succeed spells doom—but the price might be more than Kira is willing to pay.

The pathfinder, Shea, has chosen to make a place for herself among her former captors, leaving behind her people and the life she once knew. However, not all welcome this outsider in their midst. Shea will find that surviving alone in the wilderness is child's play next to navigating the politics that come with her new position. Especially when it becomes evident that there are those out for her blood. As a new danger looms on the horizon, Shea and her warlord will need all the allies they can find. Because

something is stirring in the barren lands from which all beasts are born. Something old and not seen since the last cataclysm. Can Shea protect her people from this new threat or will it be the dangers from within her own inner circle that destroy her?

Pathfinder's Way

From The Cut's funniest writer, a hilarious journey through the odd corners of obsessive dog ownership and the author's own infatuation with her perfect dog Peter. The author met Peter in the spring of 2017. He--calm, puppy-eyed, with the heart of a poet and the soul of, also, a poet--came to her first as a foster. He was unable to stay with his previously assigned foster for reasons that are none of your business, but which we will tell you were related to frequent urination. The rescue needed someone free of the sort of responsibilities that would force her to regularly leave the house for either work or socializing, and a writer was the natural choice. Thus began a love story for the ages. THE PARTICULARS OF PETER is a funny exploration of the joy found in loving a dog so much it makes you feel like you're going to combust, and the author's potentially codependent relationship with her own sweet dog, Peter. Readers will follow Peter and his owner to Woofstock, "the largest outdoor festival for dogs in North America," and accompany them to lessons in Canine Freestyle, a sport where dogs perform a routine set to music, creating the illusion that they're dancing with their owners. From learning about Peter's DNA, to seeing if dogs can sense the presence of ghosts, THE PARTICULARS OF PETER will give readers a smart, entertaining respite from the harsh world of humans into the funny little world of dogs. Readers will accompany this lovable duo through exciting trips, lessons, quiet moments of connection, and probably a failure or two. By fusing memoir and infotainment, THE PARTICULARS OF PETER promises to refresh the perennially popular dog lit category in a scrumptiously bighearted barnstormer of a book.

Knight's Fork

Scarred by her past; defined by her future. Eva is a herd mistress without a herd. A tagalong by her own definition. Not thrown away by her people, but rather someone who created a new life for herself when the old one died. When she rescues one of the mysterious winged horses, a creature straight out of myth, from those who would enslave him, Eva opens the door to something her chosen people want more than anything else. An alliance. Now, sent deep into the Highlands and guarded by one of the Warlord's most trusted warriors, Eva will have to brave the terrors that wait there. Someone is sowing the seeds of dissent upon which war turns. Failure will lead to death, but success may bring revelations she's not ready to face. The balance of power is shifting in the Broken Lands. Those who survive will need to adapt quickly to the ever-changing landscape. Choosing her friends wisely has never been so important.

Vardaesia

"Belen?" I blinked up at him. As usual, he was shining brightly, although he'd dampened it so I might look at him. "Lissa, this is certainly the beginning." He gazed around us. At leveled homes and devastated bodies. I understood what he said. All too clearly. It had been my suspicion, but I was too afraid to voice it aloud, as if saying it might make it real. It didn't need my words to make it real. It had already become real. The God Wars were upon us. "It'll only get worse, won't it?" I whispered. "If this is not stopped," Belen lowered his head as if in thought. "Either the opposing forces know something we don't, or evidence we do not have indicates that the Three are now revealed." "You don't know who all Three are, do you?" I shivered. "We know of the Mighty Hand—he has revealed himself to us, but he has placed himself behind a shield only the strongest might breach, and to my knowledge only the One might get past Strength's barrier. One other we have both felt," he nodded slightly to me. Neither of us was willing to speak Breanne's name aloud. She was in enough danger, I think, and I didn't want to add to that. "The other I cannot say, although we have seen evidence," Belen sighed. He hesitated for a moment, as if he wanted to say something else and then thought better of it. "I am afraid to say what I might think about this," Belen murmured instead. "It worries me that even the quietest voice might be heard if I speak my suspicions about this. Lissa, there's something you do not know," Belen continued. "What's that?" "I only removed the mind cloud from your son. The others—it had already been removed when I arrived to do it." "What?" I stared at Belen. "Someone quite powerful arrived before I did. I believe Gavin and Cheedas benefited from a visit from one of the others. At this time, I cannot say—am afraid to say—which it might have been." "I don't understand this," I rubbed my forehead. "Lissa, do not make yourself ill, I beg," Belen knelt next to me. "We must be strong and vigilant in the coming days. It is up to us to do what we can to protect innocents during these times. As much as we can, for as long as we can. We cannot say if our enemies are destroying these lives, attempting to draw one or more of the Three out. After all, if one of them falls or turns to the other side, all will be lost. More than one destroyed will only hasten our demise." "This is the flaw, isn't it?" I sighed. "Yes. This is the flaw," he agreed. * * * Those among the powerful know the God Wars have begun—except for Breanne. Without suspecting what she really is or that she has been targeted, she has chosen a new home for herself—in Earth's past. When strange events begin to happen around her, Breanne's confusion ramps up considerably. Toss in a handsome stranger and a horrible past, and Breanne seems headed for destruction.

After an ancient war that left the outside air toxic, the shielded city of Utopia is the only safe place left in the world. Or so its citizens are taught to believe. Many dismiss the lies fed to them by a familial line of crooked presidents and choose to live outside the city's walls. But when a new president takes control, he wages a war on these Outsiders, and their leader's daughter Deryn Leon is caught in the crossfire. Five years later Deryn is a slave. Beaten and starved, she has little will to go on. But when a chance encounter leaves her with a means for escape, the forgotten fire inside of her ignites once more and she takes the opportunity with one swipe of a knife to her owner's throat. But escaping Utopia isn't easy. While hiding in plain site, Deryn is discovered by Xander Ruby, the Utopian Guardian inadvertently responsible for her capture in the first place. Xander, who is guilt-stricken by everything he has done as a Guardian, wants nothing more than to get Deryn home. He takes her in and they soon form a powerful bond that will not be broken, even when the reality of this cruel and beautiful world threatens to tear them apart.

Mist's Edge

When the Queen Consort of the Volnoth asks him to father her child, not realizing that he is the son of her greatest enemy and that he has taken a vow of chastity, the Saurian Knight is torn between his father and a married Princess who will stop at nothing to make him bend to her will. Original.

Operation Moonglow

Aileen has a few rules for her life. Do her job and go home safe. Keep the supernatural world away from her human family. Stay off the vampire radar. And, above all, don't get involved in spook politics. But when Liam comes back into town bringing a mystery that threatens the life she's built, she finds every closely guarded rule flying out the window as she sinks ever deeper into the supernatural world. Ultimately, it may be the people she loves the most who pay the price in the high stakes game that vampires call life.

Threshold of Annihilation

Beth Ryder knows she's different. In a tiny rural town, being an orphaned and perpetually single amateur photographer crippled by panic disorder is pretty much guaranteed to make you stick out like a sore thumb. But Beth doesn't understand just how different she really is. One day, strange things start cropping up in her photos. Things that don't look human. Impossible things. Monstrosities. Beth thinks her hateful sister-in-law, Justine, has tampered with her pictures to play a cruel joke, but rather than admitting or denying it, Justine up and vanishes, leaving the family in disarray. Beth's search for Justine plunges her into a world she never knew existed, one filled with ancient and terrifying creatures. Both enemies and allies await her there—a disturbingly sexy boss, a sentient wolf with diamond fur, body-snatching dinosaur-birds. Separating the allies from the enemies is no easy chore, but in this strange new world, allies are a necessity. A plot is afoot, and Beth—whose abilities no one seems able to explain—may well hold the key to solving it. Noland is the first novel in the fantasy series Emanations. The second novel, Solatium, and a short story, "Theriac," are also available. The Emanations Series Of all the beings that have lived on Earth, what if just a few had the power to make new realities, according to their desires? What would they create? The Second Emanation: a shadow world where ancient creatures persist, where humanity's dominance is far less certain, where wonder competes with horror. A world like an autumn forest, its realities as multiple and layered as fallen leaves. The world that gives us our gods. In Becca Mills's Emanations series, this strange and magical world crosses paths with a seemingly ordinary young woman from the American Midwest. It'll never be the same again. Reviews "This is among the best of the urban fantasy genre, and it is a wonder why a major publisher has yet to pick it up. Mills has given us such a dynamic world with vibrant characters and multiple plot lines that really bring it all to life." - Twisting the Lens "I simply loved Noland. I'm going to put it out there and say that this is one of the best debut fantasy books I've read this year! It was that

fantastic." - scifinerdsare.us "Nolander was a highly entertaining read. Each time I thought I had a handle on what was going on and what was going to come next the plot would take a turn to something completely unexpected. Becca Mills has created a very vibrant world full of unique creatures and happenings where just about anything you can imagine is possible." - The Dragon's Inkpot Series

Keir

(A Machina Novel, Vol. 1) Machinas were made to be the galaxy's greatest super soldiers. Split into four academies, each with their own deadly abilities, machinas were thought to be machines sent from the gods. Enhanced human beings who blurred the lines between synthetic and biological lifeforms. Upon the destruction of their home planet, Mair Ultima, machinas became disgraced. Scattered among the stars. Now they work as bounty hunters, assassins, bodyguards. Anything that involves spilling blood. Only thousands remain, the most famous of whom is Beatrix Westwood, a Valkyrie Huntress, though she prefers Trix of Zilvia. Join Trix on her debut adventure as she attempts to rescue a kidnapped princess while evading warlords, slavers, and warring royal families with the help of her oldest friend, Yvach Aodun. On that note, welcome to the Milky Way in Earth year 2799. It's like the Wild West and piracy's golden age rolled into one lawless expanse. Trix is feeling lucky. How about you?

Nolander

Branded a traitor by her people, Shea and her warlord-the fiercely dangerous Fallon-travel to the Pathfinders' seat of power at her father's request, hoping to form an alliance despite the distrust between them. It doesn't take long before Shea and Fallon realize something is dangerously wrong in the place she once called home. Ancient, deadly creatures-gone for hundreds of years, once again walk the lands, awakened from a deep sleep. Worse, it seems the Pathfinders are keeping a secret-one that could destroy them all. On the brink of battle with each other, the Pathfinders and Trateri must join forces if they hope to defeat the evil at the heart of the Badlands. As the tension rises between the two peoples, and Shea and her family, Shea and Fallon must convince them to overcome their differences if they are to triumph over impossible odds. Because the beasts may be the least of their worries.

Sometimes betrayal comes from within, and the most dangerous monsters may be those closest to them.

Russian Opera and the Symbolist Movement

MacKayla Lane faces the ultimate threat when war breaks out between the kingdoms of shadow and light, as the #1 New York Times bestselling Fever series races to an explosive revelation. From the moment MacKayla Lane arrived in Dublin to hunt her sister's murderer, she's had to fight one dangerous battle after the next: to survive, to secure power, to keep her city safe, to protect the people she loves. The matter of who's good and who's evil can be decided by the answer to a single question: Whose side are you on? Now, as High Queen of the Fae, Mac faces her greatest challenge yet: ruling the very race she was born to hunt and kill—a race that wants her dead yesterday, so they can put a pure-blooded Fae queen on the throne. But challenges with her subjects are the least of her concerns when an ancient, deadly foe resurfaces, changing not only the rules of the game but the very game itself, initiating a catastrophic sequence of events that have devastating consequences and leave Mac questioning everything she's ever learned and everyone she's ever loved. Now begins an epic battle between Mortal and Fae, Seelie and Unseelie, would-be kings and would-be queens, with possession of the Unseelie King's virtually unlimited power and the fate of humanity at stake. From the exquisite, deadly gardens of the High Queen's court, to long-forgotten truths found in the Sacred Grove of Creation, from the erotic bed of her enigmatic, powerful lover to the darkest, seductive reaches of the Unseelie kingdom, Mac's final journey takes her places no human has been before, and only one human could possibly survive . . . One who's willing to sacrifice everything.
