A Time to Choose

In *A Time To Live*, Robert Raines explores the spiritual and emotional dimensions of what can be the most rewarding time of life. Drawing on his experiences as an ordained minister and as director of a non-denominational retreat center focusing on issues of personal growth, Raines delineates the important passages we must all make from our middle years in the process of growing older. In an approach that is both meditative and inspirational, drawing from a variety of backgrounds, anecdotes, and literature, Raines provides a new perspective on the aging process and its implications. To make the most of this ultimate period of life, he argues, we must each confront certain issues: waking up to mortality, embracing sorrow, savoring blessedness, re-imagining work, nurturing intimacy, seeking forgiveness, and taking on the mysterious process of exploring what is yet to be done in life with a sense of possibility and hope. For the millions of baby boomers just entering their fifties and others approaching their sixties who are determined to be aware and take advantage of the challenges they face, *A Time To Live*, is the only

of a depression, and there is a great divide among its people between the wealthy and the soup kitchen dependents. The youth of that generation find themselves searching for direction, and each must find his own way. However, these young people have the advantage of godly families and biblical counsel. When disaster strikes, the Holt twins and Kent find that God is real and in everything. They find that He can be trusted with their very lives. Eleanor Marlowe, after a rebellious, unsatisfying search, finds a reason for living in carrying on the family tradition of service to those less fortunate than she. And Josh meets the girl of his dreams as he serves the Lord in counseling youth. For those who were young in the thirties, this story will be a nostalgic journey. For young people to whom the thirties are the olden days, they will find that these young people are much like themselves. For everyone, the story will present anew the challenges of faith in our day.

a flourishing career, and financial security Until she meets Death's right-hand man one fateful night, and events take place which alter that life, sending her spiraling into one which is beyond her wildest imaginings. And she is no longer Isabelle. She's thrust quickly into the most secretive inner-workings of Death itself, as well as an otherworldly dominion of ancient Celtic magic, and beings that we were taught as children were only fictional creations of wildly whimsical minds. She yearns for the now unmistakable simplicity of her old life; this one is full of dangers, unanswered questions and cryptic dreams. And whispers, haunting whispers in her mind that send shivers through her...but in the most agreeable way. After one particularly anomalous dream in which she learns of the Nine While Nine Legacy, things get truly precarious. Now someone sees her as a risk ...and wants to eliminate her. But she falls under the protection of her guardian—unless she leaves his territory—which is the one thing wants the most...and wants the least. What if everything you believed to be true, you discovered to be false? What if everything you believed to be false, you discovered to truly be.?

parents, his aunt, his brothers, their children and grandchildren, as well as his own. Antonio knows that family is a difficult dish to get right and that happiness must be cooked up day by day; however, what separates his family from any other is its possession of a secret ingredient for happiness: the sack of magical rice given to his parents on their wedding day. With the help of the rice, whose magic is as old as fire and time, Antonio's family has been guided through the most trying of life's tribulations. Lyrically written, *Once Upon a Time in Rio* bares the fragile yet strong nature of the human spirit and with great insight captures the solace provided by loved ones in times of need. Already an international bestseller, this is a beautifully told tale about the wisdom of past generations and the inextricable ties of family.

Flea-bitten, tick-infested, sore-covered, scroungy, bags of bones! They scratch incessantly, leaving scanty patches of tuft clinging to their vile bodies. Rummaging through piles of litter they tear open garbage bags that are stacked on the street or thrown out of a car window. I can't help but wonder why my dog, Delbert, got to be in the circumstances he is in instead of like one of these revolting beasts? I can picture him now, stretching out for a nap on our leather chaise-lounge or scratching at the pantry door for a treat" "While visiting the Embera' Indian village in Panama, I asked Dee how Heavenly Father determined where we were born. We were in a canoe on a remote spot of the Canal a million miles from nowhere. I couldn't imagine how awful it would be to be born there. This translates into a fast moving inspirational story where lives are saved against impossible odds. The author shows the reader the tragedy of war torn Bosnia, at a time when ignorance, suspicion and fear were stirred into racial hatred, which quickly degenerated into the vicious circle of ethnic warfare. Many readers will take great comfort in the author's fortitude and marvel at her ability to see rays of hope penetrating the darkest clouds. She conveys the tragedy of Bosnia and demonstrates how, when tough love is put into action even when surrounded by pain and hatred, one can make a small contribution on the side of good. This true story offers hope to victims of violence by helping them to

realise that others are prepared to make great sacrifices in order to ease their suffering and, in this case, save lives against impossible odds. It is the quality of child-like faith in God which helped the author and her husband through the darkest of hours, and which makes this such a potent story, because religion only becomes truly meaningful when it can be seen to be working in peoples lives, and making a difference.

A brilliant, unforgettable novel from bestselling author Ruth Ozeki—shortlisted for the Booker Prize and the National Book Critics Circle Award “A time being is someone who lives in time, and that means you, and me, and every one of us who is, or was, or ever will be.” In Tokyo, sixteen-year-old Nao has decided there’s only one escape from her aching loneliness and her classmates’ bullying. But before she ends it all, Nao first plans to document the life of her great grandmother, a Buddhist nun who’s lived more than a century. A diary is Nao’s only solace—and will touch lives in ways she can scarcely imagine. Across the Pacific, we meet Ruth, a novelist living on a remote island who discovers a collection of artifacts washed ashore in a Hello Kitty lunchbox—possibly debris from the devastating 2011 tsunami. As the mystery of its contents unfolds, Ruth is pulled into the past, into Nao’s drama and her unknown fate, and forward into her own future. Full of Ozeki’s signature humor and deeply engaged with the relationship between writer and reader, past and present, fact and fiction, quantum physics, history, and myth, *A Tale for the Time Being* is a brilliantly inventive, beguiling story of our shared humanity and the search for home.

Native Nebraskan Joe Brown has lived a good life. In his collection of true stories, Brown takes a poignant look back into his past and all the ways his family and friends have influenced his path in life. Brown—who grew up on a dairy farm until his teenage years, when he moved to Farnam, Nebraska—offers an introspective, often amusing glimpse back into the simple times of his childhood when vacations meant traveling a few hundred miles to visit family, when holding two fingers of his father's hand meant security, and when neighbors and friends came to help whenever they were needed. From the carefree, barefoot days on the farm to the tumultuous changes as he matured into manhood, Brown reminisces about both the good and the bad as he learned to appreciate hard work, those who loved him unconditionally, and his relationship with God. *Man, What a Time—Man, What a Life* shares one man's inspirational perspective on his life from childhood to present day as he reflects on his unique moments in time.

At the beginning of World War II, the British Government decided to evacuate the children from the cities to safer places in the countryside, and also overseas to other countries. Really where could be safer in the country? The logic behind the plan was that IF, Hitler succeeded in occupying Great Britain, the children could return someday and take their country back. This is the story of my brother, age 4, and myself age 9, who were evacuated September 9th. 1939, to America. My brother's mother, who was my step-mother, accompanied us to elderly relatives that lived in New York State. Then for reasons known only to herself, at that time, she decided to travel back across the U-boat infested waters of the Atlantic to England. Different homes were found eventually for us which was a miracle, as there were at least 2,664, Children's Overseas Reception Board (CORB) children to find homes for. The Kodak Company's families in New York opened their homes to these British evacuees, primarily for the children of the Kodak Company in Great Britain, however they ended up taking a lot of the other children. As we had been sent privately on the S.S. Scythia, we were not included in that number. We also were returned May 8th 1944, one month before D-Day, on a Neutral Portuguese ship to Lisbon. The war did not end until May 8th 1945 so we were back in England in time for the newest German weapon the Vengeance Weapon 1, or Doodle bug, or Buzz-bomb.
